STREET DIRECTORY.

- A street, from Hyde Park Ave. to Neponset river.
Adams street, from 214 West River to N.Y., N.H. & H.R.R.
Albion street, from 43 Beacon to 72 Highland.
Allen, from Hyde Park Ave. to N.Y., N. H. & H. R.R.
Alpine street, from E. River at "Holmfield".
Arlington, from Riverside Sq. to Hazelwood Station.
Atherton, from W. River, near cotton mill.
Austin, from Gordon Ave. to West.
B street, from Hyde Park Ave. to Neponset river.
Baldwin street, from E. River "Holmfield".
Baker street, from Dedham line to Boston line.
Barry place, from Business street to N.Y., N.H. & H. R.R.
Barry street, from 184 E. River to Business.
Beacon street, from 170 Fairmount Ave. to Milton line.
Beaver street, from W. Glenwood Ave. to beyond Gordon Av.
Blake street, from E. River to Regent road.
Blanchard street, from Norton to Readville.
Bradlee street, from Thatcher to Boston line.
Brainard street, from W. Glenwood Ave. to Cleveland.
Bridge street, from Water to Walnut.
Euckingham street, from Readville to N.Y., N.H. & H. R.R.
Bunker street, from W. River near Readville street.
Business street, from W. River near Gordon to W. River near
Glenwood.
Central Ave., from Everett Sq. to Metropolitan Ave.
Central Sq., junction of Central Ave. and Webster street.
Chase street, "Rugby".
Charles street, from Roxanna.
Chester street, from Milton to Readville trotting park.
Chesterfield street, from Readville to Sprague.
Chestnut street, from Austin to Beaver.
Childs street, from Gordon to Glenwood.

- Church street, from W. River near cotton mill.
 Clay street, from Harvard to Hyde Park Ave.
 Cleary Sq., junction of Hyde Park Ave. and W. River.
 Cleveland street, from W. River to Brainard.
 Clifford street, from Milton to Readville trotting park.
 Collins street, from Metropolitan Ave. to Bradlee.
 Coleman street, from Cleveland near Brainard.
 Columbia road, "Rugby".
 Cottage street, from Water near Pumping station to Milton line.
 Cottage place, from Winslow.
 Dacey street, from Hyde Park Ave. to N.Y., N.H. & H. R.R.
 Dale street, from Clarendon Hills station to Boston line.
 Damon street, from Readville.
 Damrell avenue, "Pinehurst".
 Dana avenue, from Water to Milton line.
 Davison street, from Fairmount Ave. to Arlington.
 Dedham street, from W. Glenwood Ave.
 Dell avenue, from Central to Hyde Park Ave.
 Dell terrace, from Central.
 E. Glenwood Ave., from Hyde Park Ave. to Washington street.
 E. River street, from Everett Sq. to Boston line.
 Easton Ave., from Bridge street.
 Edson street, "Pinehurst".
 Elliot Ave., "Pinehurst".
 Elm street, from West to Arlington.
 Emmett street, from Hale.
 Everett square, junction of East and West River streets and Fairmount Ave.
 Everett street, from Central to Hyde Park Ave.
 Factory street, from Hyde Park Ave. to N.Y., N.H. & H. R.R.
 Fairmount Ave., from Everett Sq. to Milton line.
 Fairview Ave., from Atherton.
 Farrington, "Pinehurst".

Floral place, from Williams near Loring.
 Forest street, "Camp Ground".
 Foster street, from Water to Washington.
 Franklin street, from Sunnyside street to Thompson.
 Franklin terrace, from Warren Ave.
 Frazer street, from Wood Ave.
 Fulton street, from Margin to A street.
 Garfield Ave., from Water to Washington.
 George street, from E. River near paper mills.
 Glenwood place, from Washington.
 Gordon Ave., from W. River to Grew's woods.
 Grant street, from Hyde Park Ave. to Neponset river.
 Green street, from Hyde Park Ave. to N.Y., N.H. & H. R.R.
 Greenwood Ave., from Greenwood Sq. to N.Y., N.H. & H.
 R. R.
 Greenwood Sq., junction of Central-Westminster-Greenwood
 & Metropolitan.
 Grove street, from E. River to Davison.
 Hale street, from Gordon Ave.
 Hamilton street, from Milton to Readville trotting park.
 Harvard Ave., from W. River to Hyde Park Ave.
 Hawthorne street, from Prescott.
 Highland street, from Williams to Metropolitan.
 Hillside street, from W. River to Church.
 Hilton street, from West to Arlington.
 Holmfield Ave., from E. River to Neponset river.
 Hubbard street, from Metropolitan Ave. to Huntington Ave.
 Huntington Ave., from E. River to Boston line.
 Hyde Park Ave., from Boston line to Readville trotting
 park.
 Irving street, from Hyde Park Ave. at "Camp Ground".
 Jalleison street, at Clarendon Hills.
 Knight street, W. River to Readville at cotton mill.
 Lakeside Ave., from Sprague street.
 Le Fevre street, from E. River near paper mills.
 Lexington Ave., E. River to Westminster.

Lincoln street, E. River to Hyde Park Ave.
 Linden Ave., from Tileston.
 Linden street, from Chester.
 Linwood street, from W. River.
 Loring street, from Williams Ave. to Tyler.
 Loring street place, from Loring.
 Lyons street, from Readville.
 Madison street, from Hyde Park Ave. to Neponset river.
 Maple street, from W. River to Fairmount Ave.
 Margin street, from Hyde Park Ave. near woolen mill.
 Marion street, at "Pinehurst".
 Massasoit street, from E. River at "Holmfield".
 Mason street, from Hyde Park Ave.
 Mattakeeset street, from E. River at "Holmfield".
 Metropolitan Ave., from Boston line to Milton line.
 Milton street, from Paul's Bridge to Wolcott Sq. and from
 Sprague to Dedham line.
 Milton Ave., from Beacon to Milton line.
 Milton Sq., from Highland to Milton Ave.
 Monponset street, from E. River at "Holmfield".
 Mount Pleasant street, from Pond to Summit.
 Nelson street, at "Pinehurst".
 Neponset Ave., from Water street to Milton line.
 New Bedford street, from Beacon.
 Newbern street, from Collins to Boston line.
 Norton street, from W. River to Readville.
 Norway park, from Warren to Summit.
 Nott street, from Fairmount Ave.
 Oak place, from Business street.
 Oak street, from Hyde Park Ave. to Maple.
 Oakwood street, from Wood Ave.
 Orchard street, at "Rugby".
 Osceola street, from E. River at "Holmfield".
 Page street, from Arlington to Central.
 Park street, from Arlington to Westminster.

OFFICERS OF THE TOWN OF HYDE PARK.

FOR THE YEAR ENDING MARCH 2, 1903.

SELECTMEN AND SURVEYORS OF HIGHWAYS:

ALONZO W. DUNBAR, JAMES F. PRING,
JOHN JOHNSTON, FRED Y. FRENCH,
CHARLES E. PALMER.

ASSESSORS:

CHAS. F. MORRISON (Chairman), GEO. W. CHAPMAN,
FRANK GREENWOOD.

TOWN CLERK:

HENRY B. TERRY.

TOWN TREASURER:

HENRY S. BUNTON.

OVERSEERS OF THE POOR:

GEORGE E. HAVEN, ... term expires 1905
GEORGE W. CHAPMAN, ... term expires 1904
CHARLES LEWIS (Chairman), ... term expires 1903

BOARD OF HEALTH.

WILLARD S. EVERETT, ... term expires 1905
CHARLES F. STACK, ... term expires 1904
WILLIAM W. SCOTT (Chairman), ... term expires 1903

COLLECTOR OF TAXES:

GEORGE SANFORD, (for taxes of 1900).
RANDOLPH P. MOSELEY, (for taxes of 1901 and 1902).

SCHOOL COMMITTEE:

ANDREW WASHBURN, ... term expires 1905
EDWARD S. FELLOWS, ... term expires 1905
FRANK F. COURTNEY, ... term expires 1905
ELLA F. BOYD, ... term expires 1904
SAMUEL T. ELLIOTT, ... term expires 1904
EDWARD I. HUMPHREY (Chairman), ... term expires 1904
CHARLES G. CHICK, ... term expires 1903
WILBUR H. POWERS, ... term expires 1903
WILLIAM G. COLESWORTHY (resigned). term expires 1903
FRED J. HUTCHINSON (chosen to fill vacancy), " 1903

SUPERINTENDENT OF SCHOOLS :
FRANK O. DRAPER.

AUDITORS :

FRED C. STONE (Chairman), WILLIAM J. DOWNEY,
FREDERICK G. KATZMANN.

TRUSTEES OF THE PUBLIC LIBRARY :

EDWARD S. HAYWARD,	. . .	term expires 1905
HENRY B. MINER (Chairman),	. . .	term expires 1905
JAMES R. CORTHELL,	. . .	term expires 1905
CHARLES G. CHICK,	. . .	term expires 1904
G. FRED GRIDLEY,	. . .	term expires 1904
FREDERICK L. JOHNSON,	. . .	term expires 1904
CHARLES F. JENNEY,	. . .	term expires 1903
AMOS H. BRAINARD,	. . .	term expires 1903
JOHN W. GRIFFIN,	. . .	term expires 1903

CEMETERY COMMISSIONERS :

CHARLES F. JENNEY,	. . .	term expires 1905
JOHN O'CONNELL,	. . .	term expires 1904
GEORGE E. WHITING,	. . .	term expires 1903

PARK COMMISSIONERS :

FRANK B. RICH,	. . .	term expires 1905
JOHN J. ENNEKING (Chairman),	. . .	term expires 1904
LAWSON B. BIDWELL,	. . .	term expires 1903

BOARD OF SEWER COMMISSIONERS :

DAVID PERKINS (Chairman),	. . .	term expires 1905
WILLIAM U. FAIRBAIRN,	. . .	term expires 1904
CHARLES HALEY,	. . .	term expires 1903

CONSTABLES :

ROBERT E. GRANT,	JOHN M. BROWN,
WILLIAM W. SCOTT,	DANIEL O'CONNELL,
WILLIAM WRAGG.	

CHIEF OF POLICE :

DANIEL O'CONNELL.

FIRE DEPARTMENT :

JOHN C. McDOUGALD,	. . .	Chief Engineer.
JOHN H. WETHERBEE,	} . .	Assistant Engineers.
WILLIS G. ROBINSON,		

SELECTMEN'S REPORT.

Fellow Citizens of Hyde Park:

The Board of Selectmen present for your consideration the following as their report for the year ending January 31, 1903.

FINANCE.

The funded debt of the town January 31, 1902, was as follows:

School building	\$4,000
Sewerage	130,000
Public Library building	19,000
High School building	60,000
Trescott School building	17,000
	\$230,000

In addition to the interest payments made during the year, \$13,000 of the above bonds have been paid.

At a special town meeting held September 12, 1902, it was voted to authorize a loan of \$6000.00 for furniture and furnishings of the new High School building, \$1000.00 of the same to be paid each successive year until the same is fully paid. This makes the funded debt of the town January 31, 1903, as follows:

School buildings	\$2,000
Sewerage	125,000
Public Library building	17,000
High School building	57,000
Trescott school building	16,000
Furniture and furnishings, High School	6,000
	\$223,000

During the coming year \$14,000.00 of the above matures which will have to be provided for in the tax levy.

By vote of the town September 12, 1902, additional appropriations were made to be paid from the tax levy of 1903 as follows:

Board of Health	\$4,000
High School building	1,000
Settlement suit Johanna McAskill	1,500
Furnishing Trescott School building	400
	\$6,900

During the year the Town Treasurer under authority of vote of the town June 22, 1898, has borrowed for the benefit of the Sewer Commissioners, the sum of \$15,-000.00. This in addition to \$25,000.00 previously borrowed, makes \$40,000.00 in anticipation of the issue of bonds authorized by Chapter 419 of the Acts of the Legislature for the year 1898. The town by vote has fixed the rate of interest on these bonds at four per cent.

METROPOLITAN ASSESSMENTS.

In 1902 the town paid in State assessments as follows:

Parks	\$13,351.58
Sewerage	6,097.29
Water	2,187.72
Readville Grade Crossing	11,457.49
	\$33,094.08

The assessments in 1901 were \$19,793.20.

State Tax, 1901, \$6,142.50	1902, \$5,265.00
County " 1901, 7,498.50	1902, 7,042.95
Tax rate, 1901, 17.80	1902, 18.10
Total Valuation, 1901, \$10,814,840.00	
" " 1902, 11,674,600.00	

That our town can show unsurpassed railroad facilities and other conditions necessary to conduct a successful and economical business, is evident to all who are seeking a location for manufacturing purposes; and has been taken advantage of to such an extent, that we con-

gratulate our citizens on the marked increase in the valuation during the last two years and also on the bright prospects for the future. The so-called Readville district is at the present time growing more rapidly than any other and already there is a demand to supplement the existing conditions with more and better streets in that locality.

KNIGHT STREET.

At the banquet given by the business men in Waverly Hall, Jan. 23, Mr. Foss of the Sturtevant Blower Co. (which is now building large machine works at Readville) proposed the opening up of Knight St. as a public way. This is a short street west of the Cotton Mill, extending from West River St. to Readville St. As a Town way it would be a great convenience to the public,—it would avoid the necessity of going around the pond, a distance of nearly half a mile, in order to gain between 500 or 600 feet. It is also a necessity to enable the Town to successfully care for the surface water on Readville St., to acquire a right of way over, or control a part of this street. This proposition should receive the thoughtful consideration of our citizens, especially, of our business men as there are problems connected with it which need careful study in order that the Town's interests may be protected if it is thought best to bring about this much needed improvement.

NEW DAMON, REGENT AND WATERLOO STREETS.

The local freight yard at which all goods are received and delivered for this district including a part of Milton, and all horses, etc., for the trotting park, is on the west side of the N. Y., N. H. & H. R. R., near the new works of the Sturtevant Blower Co., and can only be reached by

going over three private ways, viz: New Damon street, so called, built by the Sturtevant Co., to take the place of old Damon street, closed by the Town. Waterloo street which is practically impassable for heavy teaming, and Regent street which runs parallel with the railroad and is in very bad condition and a constant source of complaint. A part of this street 100 feet in length is owned by the State as part of the Metropolitan Park System. Regent street, from Milton street to Buckingham street was constructed by decree of the Grade Crossing Commissioners and so far is a Town way renamed Sprague street by the Town in March, 1902. An immense amount of freight is handled at this point during the year and in order for our manufacturers and others to arrive at the full benefit and enjoyment of their other advantages we must provide good roads over which heavy freight can be moved with ease and economy. When the subject is brought to the attention of the voters in Town Meeting we trust the acceptance of these streets will be considered in a liberal and business like manner. The Town should adopt a policy that will have a tendency to encourage others to locate within its limits, as we are destined to become a great manufacturing town.

SURFACE DRAINS.

The matter of caring for the surface water on our streets should receive attention in the near future. Up to the present time in many sections, the Town has been able to turn it onto vacant land to be absorbed. As fast as buildings are put up we have been forced to adopt other means for its disposal. To illustrate: For a number of years constant complaint has been made to the Selectmen about surface water in the west portion of Fairmount District. An underdrain should be constructed in Garfield Ave.,

sufficient in size to care for the surface water coming from Washington St., the upper portion of Garfield Ave. and Loring St. This drain should extend across Water St. into a drain running under the Midland Division to the Neponset river. Although this does not relieve the whole situation in that section it is by far the most pressing need at the present time. We have previously called attention to the condition of Readville St. caused by our inability to care for the surface water. During the past year the Board of Health, at considerable expense to the Town, was called upon to abate a public nuisance, caused by surface water flowing from this street on to Waterloo St. to the depth of 8 or 10 inches and standing until it became stagnant and a menace to public health. We wish also to call attention to the condition of Milton St. At the time the street was built no attention was given to grading it in order to care for the surface water, no complaint being made by abutters about it running over their land. Now however they protest against this method of disposing of surface water and believe the Town should provide some other way. The remedy is to rebuild and regrade the street with the idea in view of doing away with this annoyance.

GLENWOOD STATION CROSSING.

The section of Fairmount District Southerly and Westerly from Dana Ave., and the Midland Div. of the N. Y., N. H. & H. R. R., is cut off from any direct communication with the section Northerly and Westerly of the railroad and Neponset river. In 1901 the County Commissioners were petitioned to lay out Water street as a County Road from Dana Ave. across the Neponset river to Milton street, in the Readville District. A hearing was given to the petitioners and in December of that year the

petition was dismissed. In 1902 a similar petition was presented to the Selectmen asking them to lay out Water street as a public way, over practically the same route. After giving a hearing to all parties interested the Selectmen took the matter under consideration and came to the conclusion, that a street laid out as petitioned for would not relieve the situation to any appreciable extent but in a measure would aggravate it, by delaying for an indefinite time the possibility or probability of securing an outlet across the railroad and river, where it was most needed and unanimously decided that public necessity and convenience did not, at this time, require Water street, to be laid out as prayed for in the petition. The cost of building a bridge for general traffic over the railroad and river practically prohibits any effort in that line, but after looking over the situation, not as engineers, but as business men we feel that it is not only possible but practicable to build a subway for foot passengers, under the railroad at Glenwood Station and cross the river by foot bridge, and we suggest that it would be a move in the right direction to have a committee appointed to investigate the whole matter. Could direct communication be established here between the North and South sides of the Neponset river, it would bring into the market (and thereby increase our taxable property), a large tract of land which is not improved, because isolated, and on which could be built homes for mechanics and others who labor in our various manufacturing industries, and for which purpose it is especially adapted as most of it is high land, easily drained and located in the vicinity of most of our industries.

We have briefly called attention to some of the essentials which in our judgment are necessary to a continu-

ance of the growth of our manufacturing interests. They are all in the nature of permanent improvements, and will call for special appropriations. We also want our citizens to become interested enough to look over the changes suggested, in order to understand the nature of them and satisfy themselves that they ought to be made.

STREETS.

Mr. Clarence G. Norris was reappointed Superintendent of Streets and has been in charge of the Department during the year. All general repairs and permanent improvements of Highways have been made under his direct supervision and we refer to his report made to the Selectmen for a detailed statement of expenditures in his Department.

PERAMBULATION OF BOUNDARY LINES.

Perambulations were made as required by Statute, of the boundary lines between our town and the City of Boston. Representatives of that city being present. In November a stone monument was set within the limits of Stony Brook Reservation on the boundary line between Boston and Hyde Park, at a point called the Summit, this point had previously been indicated by the stump of a pine tree.

BLUE HILL STREET RAILWAY CO.

On petition of the Directors of the Company the Selectmen in September last, granted an extension of time to October 1, 1903. In granting their petition the Board felt it was simply doing an act of justice to the Company, as it was shown that inability to get a location through the Town of Milton, in order to connect the Canton and Readville ends of their track, was the cause of their being unable to operate the road.

FIRE DEPARTMENT.

Messrs. J. C. McDougald, John H. Wetherbee and Willis G. Robinson were reappointed as engineers of the Fire Department, and organized by the choice of John H. Wetherbee as Chief. The list of fires and other details of the Department will be found in their report on another page. There are at the present time one hundred and eighty-four hydrants, one being added to the number by vote of the town, September, 1902, and located near the new Trescott School Building, Rosemont street.

POLICE DEPARTMENT.

Our Police force the past year has consisted of Daniel O'Connell as Chief and patrolmen Robert Grant, J. A. Cullen, Fred C. Bigelow, Alexander Schwab, Elmer P. Runnels and Andrew W. Henderson. The above were all reappointments. For details connected with the administration of the Department we refer to the report of Chief O'Connell.

ACTIONS AT LAW.

Petitions by Charles F. Allen, et al, Trustees, for damages to premises at the corner of Fairmount Ave., and Beacon street, and by Elizabeth S. Coleman, for damages to premises between Beacon street and the Neponset river, both arising from sewer construction, and described in previous annual reports, have been settled by the payment by the town of \$1,200, and taxable costs, in the Allen case, and in the Coleman case by the payment of \$400.

In the land damage cases of Washburn, Eustis, Hurter and Bursch, growing out of the taking by the Sewer Commissioners under the Sewer Act, more fully described in previous annual reports, all the petitioners filed exceptions, which were pending at the publication of the last annual report. In May last the petitioners waived

their exceptions and judgments were entered upon the verdicts on May 8, 1902.

Of the fifty-one petitions for land damages occasioned by the abolishment of grade crossings, fully described in preceding annual reports, all have been disposed of except *Sawtelle v. Hyde Park*, in which a verdict was ordered for the defendant by the Superior Court, on November 26th, last, and the case reported for the Supreme Judicial Court, where the same is now pending.

In the petition *Wm. B. de las Casas, et al.*, for appointment of commissioners to determine payment by cities and towns under Acts of 1899, chapter 419, more fully described in previous annual reports, and which was pending before the Supreme Judicial Court at the publication of the last annual report, upon objections by the towns of Brookline and Milton to the commissioners' supplemental award, a decision has been handed down by the court accepting the commissioners' supplemental award. See 180 Mass. p. 471.

Peter Rogers v. Hyde Park, an action for personal injuries occasioned by alleged obstruction in the sidewalk on Water street, described in the last annual report, pending in the Superior Court for Norfolk County, is on the January trial calendar and may be reached for trial before the publication of this report.

The case of *Johanna McAskill v. Hyde Park*, action for damages in \$5,000, for personal injuries received by stepping into a hole in the sidewalk in Fairmount Ave., more fully described in the last annual report, has been settled, pursuant to a vote of the town, by the payment to the plaintiff of \$1,500, and entry to that effect has been made on the Court Record.

Catherine E. Stanford v. Hyde Park. Action for personal injuries owing to an alleged defect in the highway

at the junction of River and Monponset streets, more fully described in the last annual report, is on the January trial calendar.

Thomas Rooney v. Hyde Park and John Cavanagh & Co., action of tort arising from alleged defect in the highway in Damon street, near its junction with the tracks of the N. Y., N. H. & H. R. R., and more fully described in the last annual report, is on the January trial calendar.

Mary D. Hammond v. Hyde Park, and J. Forest Hammond v. Hyde Park, actions brought by Joseph W. Hammond, the father and next friend of the minor plaintiffs, claiming damages in \$10,000, in each case, for alleged unlawful expulsion and exclusion from the public schools of the town on or about January 7th, 1902. Writs dated January 30, 1902, returnable in the Superior Court for Norfolk County in the following March. On or about January 13, 1902, the father of the minor plaintiffs applied to the School Committee for a statement in writing of the reasons for the alleged exclusion and received the following communication from the Committee, dated January 27, which accurately states the facts:

Your communication of the 13th inst. is received, and your request for the reasons for the exclusion of your children, viz: J. Forest Hammond and Mary D. Hammond, from the public schools by action of this committee, has been considered, and complying with your demand we submit the following, viz:—

The School Committee of Hyde Park on November 25 last, received notice from the Board of Health of said town "That the dread disease, small-pox had appeared in the town," with a recommendation from said Board of Health "That all pupils holding or presenting certificates stating that they are unfit subjects for vaccination be removed from the schools forthwith and kept therefrom

until the expiration of such time as the Board of Health shall determine that there is no danger from contagion." That acting upon this recommendation from the Board of Health, the School Committee at its regular meeting held on November 25th last, voted: "That all unvaccinated children be suspended from school after Wednesday, November 27, at 12 o'clock, until such time as the Board of Health shall certify that they may safely return, and that the superintendent notify the teachers of this vote at once."

That subsequently, viz: under date of December 18 last, the School Committee were again notified by the Board of Health as follows: "In view of the great danger of an epidemic of small-pox becoming prevalent in our community, the Board of Health very strongly urge that no pupils be admitted to the public schools who cannot present a certificate of recent and successful vaccination, to include all those and to apply to all those who present certificates that they are unfit subjects for vaccination; the feeling of the Board of Health being that pupils who are unfit subjects for vaccination are unfit subjects to be in the public schools. Pupils who have recently been unsuccessfully vaccinated should be permitted in the schools only until time had elapsed sufficient for it to be made certain that it has not had proper effect, when it should be repeated." This communication was referred to a sub-committee for investigation and report.

The public schools were closed upon December 24, at noon for a holiday vacation of two weeks. At the regular meeting of the school committee held on December 30, the sub-committee reported upon the communication from the Board of Health, and the subject was further carefully considered and investigated, and in view of the information received from the Board of Health and recom-

mendations made by that Board tending to prevent this contagious disease becoming epidemic, and for the safety of the community, and acting under its general powers to make reasonable rules and regulations for the government of the public schools, it was voted by the school committee "To exclude from attendance all unvaccinated children and also all children who do not present a certificate of re-vaccination, as required by the Board of Health, until such time as this committee may become satisfied that the imminent danger from contagion of small-pox in our town has ceased."

It was then further voted by the committee that the members of the committee, teachers, janitors and truant officers be authorized to remove from the schools any pupils who failed to comply with this vote.

These regulations were communicated to the superintendent and all teachers at the opening of the public schools January 6, 1902.

Your children, the said J. Forest Hammond and Mary D. Hammond, after being notified of the foregoing regulations, presented themselves in our public schools without the required certificate of vaccination and contrary to said votes and regulations of this committee, and were therefore removed and stand excluded until they comply with said regulations or the reasons for the said regulations shall have ceased.

Notwithstanding the above communication, the aforesaid suits were brought. The town claims that whatever was done by the school committee was done in good faith, for the safety and welfare of the public schools, pursuant to its rules and regulations and by virtue of the statutes of this Commonwealth. The cases are on the January trial calendar.

Joseph J. Dunn v. Hyde Park. Action for injuries alleged to have been received while plaintiff was riding a bicycle at the corner of Westminster St. and Greenwood Sq., by reason of a defect in the highway consisting of stones alleged to have been placed in the street by the town in the course of the construction of a sewer. Writ dated Feb. 18, 1902, returnable in April, 1902. Addamnum, \$5,000. Demurrer to the maintenance of the action, filed by the town. Pending.

Philip Rosenberg v. Hyde Park. Action for injuries alleged to have been received by the plaintiff by being thrown from his wagon by a collision with a wooden horse or barrier in the highway on Hyde Park Ave., near its junction with River St. Writ dated August 4, 1902, returnable in the District Court for Northern Norfolk August 16th last. Addamnum, \$1,000. Upon trial, the court rendered a decision in favor of the town, and the plaintiff appealed to the Superior Court where the case is now pending.

Patrick Milan v. Hyde Park. Petition for damages for alleged draining of well on petitioner's premises on Easton Ave., by construction of a sewer by the town on said avenue. Petition dated August 28, 1902, returnable in the Superior Court for Norfolk County in October, 1902. Pending.

ALONZO W. DUNBAR,
JOHN JOHNSTON,
JAMES F. PRING,
FRED Y. FRENCH,
CHARLES E. PALMER,
Selectmen of Hyde Park.

JURY LIST.

HYDE PARK, March 10, 1902.

Selectmen of Hyde Park.

SYNOPSIS OF THE TOWN CLERK'S RECORD OF TOWN MEETINGS.

The following statement shows in a condensed form the action of the town on the various articles which have been before it for consideration the past year.

March 3, 1902. The annual meeting for choice of town officers was held in Waverly Hall; no other business was transacted. The number of votes received for each person voted for at this election was as follows:

Selectmen and Surveyors of Highways.		Overseer of the Poor.	
*Alonzo W. Dunbar,	805	*George E. Haven,	981
Thomas E. Faunce,	557	Orison W. Lawrence,	272
*Fred Y. French	719	Board of Health.	
John J. Gallagher,	279	*Willard S. Everett,	1,086
*John Johnston,	932	Auditors.	
Thomas J. McKenna,	452	*William J. Downey,	775
*Charles E. Palmer,	704	*Frederick G. Katzmann,	760
*James F. Pring,	856	Walter T. McDonough,	312
Arthur E. Reed,	189	*Frederic C. Stone,	855
Howard S. Thompson,	643	Frank C. Titcomb,	679
Town Clerk.		School Committee.	
*Henry B. Terry	1,233	*Frank F. Courtney,	1,046
Town Treasurer.		*Edward S. Fellows,	1,068
*Henry S. Bunton,	1,223	*Andrew Washburn,	1,045
Collector of Taxes.		Trustees of the Public Library.	
William F. McIntyre,	385	*James R. Corthell,	992
*Randolph P. Moseley,	1,026	*Edward S. Hayward,	1,010
Assessors.		*Henry B. Miner,	1,018
*George W. Chapman,	1,058	Sewer Commissioner.	
*Frank Greenwood,	978	Bartlett J. Brown,	357
*Charles F. Morrison,	1,018	William S. B. Gould,	185
Charles E. Yeaton,	541	*David Perkins,	639
*Declared elected.			

Park Commissioner.		Constables.	
*Frank B. Rich,	1,038	*John M. Brown,	827
		Cyrus Gorman,	570
Tree Warden.		*Robert E. Grant,	1,094
		*Daniel O'Connell,	826
*George Anderson,	1,066	*William W. Scott,	924
		Andrew L. Sherman,	550
		*William Wragg,	639

"Shall licenses be granted for the sale of intoxicating liquors in this town?" Yes, 590; No, 809.

The following were chosen by viva voce vote to the office set against their names:

Bartholomew B. Kivlin,	}	Fence Viewers.
Andrew J. Monroe,		
Jotham C. Rockwood,		
Bartholomew B. Kivlin,	}	Field Drivers.
Jotham C. Rockwood,		
Henry V. Harwood,		
Bartholomew B. Kivlin, Pound Keeper.		

Adjourned at 8.26 P.M.

March 26, 1902, a town meeting was held in Waverly Hall, when the following articles were acted upon:

Art. 1. To choose a moderator to preside at said meeting.

Charles G. Chick, Esq., chosen.

Art. 2. To see if the town will accept the list of jurors as prepared by the Selectmen and posted according to law.
The list was amended and accepted.

Art. 3. To hear the report of the Selectmen in regard to guide boards, and act thereon.

Report made and accepted.

Art. 4. To see what disposition the town will make of the money received from dog licenses in the year 1901.

Given "to the Public Library for purchase of books."

Art. 5. To see if the town will appropriate the money now in the hands of the Treasurer, received by him as sidewalk, street or Board of Health assessments or betterments,

*Declared elected.

and all money which shall be received by him the current year on account of such assessments or betterments, for the purpose of constructing or repairing public ways.

So appropriated.

Art. 6. To see if the town will appropriate the money to be received this year by the Town Treasurer for or on account of Corporation and National Bank Taxes, for the payment of the fire hydrant service of the town.

So appropriated.

Art. 7. To see if the town will authorize its Collector of Taxes to use all means of collecting the Taxes which a Town Treasurer, when appointed a collector, may use.

So authorized.

Art. 8. To see if the town will authorize its Treasurer, with the approval of the Selectmen, to borrow money to renew or replace any loan or loans.

So authorized.

Art. 9. To see what compensation the town will vote to pay for collecting its taxes and other assessments levied the current municipal year.

Same as last year, \$1,500.

Art. 10. To fix the salaries of the town officers for the current municipal year.

All salaries to be same as paid last year.

Art. 11. To determine what compensation shall be allowed the Clerk of the Board of Sewer Commissioners for the ensuing year.

Same as last year, (\$600).

Art. 12. To see what compensation the town will vote to pay the Secretary of the Board of Assessors, and for extra clerical services for the Board, for the current municipal year.

Same as last year, (\$250).

Art. 13. To fix the compensation of the engineers and the several members of the fire department for their services the current municipal year.

Same as last year, (Chief Engineer, \$150; Assistant-Engineers, \$125 each; 4 "Permanent Men,"—drivers, \$900 each; "Call men," \$75 each).

Art. 14. To see what discount the town will vote to allow on all taxes paid on or before October 1, 1902, and what interest the town will vote to charge on taxes for the current year when the same shall be overdue.

No discount allowed, interest at rate of five per cent. per annum on overdue taxes.

Art. 15. To see if the town will appropriate two hundred dollars to Post 121, Grand Army of the Republic, for the expense of decorating the graves of deceased soldiers.

So appropriated.

Art. 16. To hear the reports of any outstanding committees, and act thereon.

Indefinitely postponed.

Art. 17. To see if the town will vote to drain and repair Readville street, and appropriate money therefor.

After much debate this article was "indefinitely postponed."

Art. 18. To see if the town will authorize its Selectmen to contract with the Hyde Park Electric Light Co., for the remainder of the term of our street lighting contract, for lights to be placed as follows: Three incandescent lights on Monponset street, and two incandescent lights on Wood avenue.

So authorized.

Art. 19. "To see if the town will vote to pay its town laborers two dollars per day."

Voted so to do, beginning 1st of April next.

Art. 20. To see what amount the town will vote to raise by taxation, to meet the expenses of the town the current year, the deficiencies of last year, and the notes and bonds of the town maturing the present year, and how the same shall be appropriated.

Voted to raise by taxation the current year the sum of \$179,885.00, and to appropriate the same as follows:

Schools,		
Salaries and Fuel,	\$39,000	
Incidentals,	6,000	
Text Books and Supplies,	3,000	
Evening Schools,	1,000	
Industrial Schools,	400	
		\$49,400
Bonds and Notes Maturing,		13,000
Interest,		11,000
Highways,		20,000
Repairs on Business Street,		1,600
Repairs on West River Street,		1,600
Repairs on Hyde Park Avenue,		2,500
Street Watering,		4,500
Incidentals,		10,000
Police,		10,000
Fire Department,		11,300
Support of Poor,		9,500
Street Lights,		10,700
Public Library,		4,000
Salaries,		5,585
For use of the Board of Health,		10,500
G. A. R. Post,		200
Insurance		1,500
Voted last January, payable in 1902,		3,000
		\$179,885

Art. 21. To see if the town will empower and instruct the Trustees of the Public Library "to let Weld Hall" to the Hyde Park Historical Society "for a nominal annual consideration, for such period as said hall may not be needed for public library purposes."

Voted that the trustees "be authorized" so to do.

Art. 22. To see if the town will change the name of that part of Regent street which is now a public way, to Sprague street.

Voted so to do.

Art. 23. To see if the town will appoint a committee to consider the matter of a police signal system for the town.

The Moderator appointed Messrs. Fred J. Hutchinson, Daniel O'Connell, Frank B. Rich, Henry B. Carrington and Francis W. Darling a committee to consider this matter and report to the town at a future meeting.

Art. 24. To see what amount the town will authorize its Treasurer to borrow, in anticipation of the tax to be levied the current year.

Authorized, with the approval of the Selectmen, to borrow one hundred twenty-five thousand dollars.

Adjourned at 9.47 P. M.

Sept. 12, 1902. A town meeting was held in Waverly Hall, when the following articles were acted upon:

Art. 1. To choose a moderator to preside at said meeting.

Charles G. Chick, Esq., was chosen.

Art. 2. To hear the report of the selectmen laying out a part of Tileston street, as a public town way, and to see if the town will accept and allow said laying out with the boundaries and measurements of said way as shown by report, plan and profile now on file in the town clerk's office, and appropriate money to build said street.

This report was accepted and allowed, and \$400 appropriated to build said street; said money to be taken from money in the treasury, received on account of the "High Level Sewer."

Art. 3. To hear the report of the selectmen laying out a part of Rosemont street as a public town way, and to see if the town will accept and allow said laying out with the boundaries and measurements of said way as shown by report, plan and profile now on file in the town clerk's office, and appropriate money to build said street.

This report was accepted and allowed and \$750 appropriated to build said street; said money to be taken from money now in the treasury, received on account of the "High Level Sewer."

Art. 4. To see if the town will appropriate a sum of money, not exceeding one thousand dollars, for the purpose of repairing the "Beacon street drain," so called.

\$1,000 appropriated for this purpose. \$355.92 to be taken from money in treasury received on account of "High Level Sewer" and \$644.08 to be transferred from "incidentals."

Art. 5. To see what sum the town will appropriate for the use of the board of health.

\$4,000 appropriated for this purpose, the same to be raised by taxation next year.

Art. 6. To see what sum of money the town will appropriate to complete the new high school building, and how the same shall be raised.

\$5,024.49 appropriated for this purpose, to be raised as follows: \$3,054.49 from money in the treasury received on account of the "High Level Sewer"; \$475 from money received from sale of old school buildings; \$495 from money received as fines in criminal cases; and \$1,000 to be raised by taxation next year.

Art. 7. To see what sum of money the town will appropriate for the purchase of furniture and furnishings for the new high school building, and how the same shall be raised.

\$6,000 appropriated therefor, \$1,000 to be paid each successive year until fully paid.

Art. 8. To see what action the town will take in regard to abolishing grade crossings in this town.

The Selectmen were "instructed to petition the Superior Court for the appointment of a commission of three disinterested persons, as provided by law, to determine what alterations are necessary and shall be made at the Fairmount Ave. and Bridge St. railroad crossings in this town and in the approaches thereto, to abolish said crossings at grade."

Art. 9. To see if the town will accept the provisions of Chapter 346 of the acts and resolves passed by the legislature of Massachusetts during the session of 1902, the same being "An act to provide that moderators of town meetings may be elected for terms of one year."

Indefinitely postponed.

Art. 10. To see if the town will authorize its selectmen to contract, in behalf of the town, with the Hyde Park Water Company, for the remainder of the term of the town's contract with said company, for one additional fire hydrant to be placed on Rosemont street.

So authorized.

Art. 11. To see if the town will appoint a committee to consider, and report to the town what additions, alterations or amendments, if any, to our present town by-laws should, in its opinion be made, and also which of said by-laws, if any, should be repealed.

Messrs. Alonzo W. Dunbar, Wilbur H. Powers, Andrew Washburn, Daniel O'Connell and James Sheridan were appointed by the Moderator as a committee to consider this subject.

Art. 12. To see if the town will vote to amend article fifteen of the "by-laws relating to the prevention of fires and the preservation of life," adopted by the town, at a

meeting of its legal voters held in Waverly Hall in said town, December 15, A. D. 1897, and approved by the Superior Court, for the County of Norfolk, on January 27, A. D. 1898, by striking out the words "from land bordering on the southerly side of Oak street, and including all land adjoining Oak street;" said word commencing after the word "avenue" on the fifth line of said article as printed in the approved copy of said by-laws on file with the town clerk, and ending before the words "to Everett street" in the seventh line as printed as aforesaid, and the following words be inserted therefor, "on the easterly side from the northerly side of Oak street," and that after the words "Everett street" and before the words "Harvard avenue," on the seventh line of said article, as printed as aforesaid the following words be inserted: "Hyde Park avenue on the westerly side, from the northerly side of Pine street extension, so called, to a point on said Hyde Park avenue, opposite the southerly line of Everett street."

By-Laws were amended as above set forth.

Art. 13. To see if the town will appropriate the sum of fifteen hundred dollars with which to settle the case of Johanna McAskill vs. the town of Hyde Park, now pending in the Superior Court for said County of Norfolk.

\$1,500 appropriated for this purpose, the same to be raised by taxation next year.

Art 14. To hear the report of any outstanding committee, and act thereon.

The committee on "the School House in the East River St. District," made a report of its doings, and this report was accepted.

Art. 15. To see what sum of money the town will appropriate for the purchase of furniture and furnishings for the new school building on Rosemont street.

\$400 appropriated therefor, the same to be raised by taxation next year.

Art. 16. To see if the town will vote to convey to the B. F. Sturtevant company two small parcels of land, the same being now a part of the Damon school house lot on Readville street, in exchange for two small parcels of land to be conveyed to the town by said company, the same being a part of the lands of said company, and adjoining said school house lot; and to authorize the selectmen to execute and deliver, in behalf of this town, such deed or deeds as may be requisite in the premises. Said conveyances to be made for the purpose of rearranging the lines of said school house lot.

Voted "that the town make such exchange" and Selectmen were authorized to execute proper deeds therefor.

Adjourned at 9.26 p. m.

November 4, 1902. The annual election of State, District and County officers was held in Waverly Hall. No other business was transacted.

The polls were opened at 6 o'clock A. M., and closed at sunset.

The number of votes received for the various candidates was as follows:

For Governor

A town meeting was held in Waverly Hall on January 22, 1903, at which the following articles were acted upon:

Art. 1. To choose a moderator to preside at said meeting.

William T. Carroll, Esq., was chosen.

Art. 2. To see if the town will appropriate the money now in the hands of its treasurer, received by him prior to November 1, 1902, under the provisions of Sections 44, 46, 47, 61 and 62 of Chapter 14 of the Revised Laws for the construction, repair and maintenance of its public ways, and the removal of snow therefrom.

So appropriated.

Art. 3. To hear the report of any outstanding committee and act thereon.

The Committee on "High School Building" reported its doings, and the report was accepted.

Art. 4. To make an additional appropriation for the support of the poor.

\$1,000 was transferred from "incidentals" to "support of poor."

Art. 5. "To see if the town will instruct the Selectmen to appear before the General Court in favor of, and by the representative to the General Court to support the petition calling for the passage by the General Court and submission to the people of a constitutional amendment to allow municipalities to establish fuel yards."

Voted to so instruct the Selectmen.

Art. 6. "To see if the town will vote to instruct the representatives to the General Court that the Congress of the United States be memorialized to secure national ownership of the coal mines."

Voted to so instruct the representatives.

Art. 7. "To see if the town will vote to immediately elect by a yea and nay vote a committee of five to obtain information in regard to the minimum amount of money necessary to establish a coal and wood yard. Such committee to serve without pay and make a report at the next town meeting."

Messrs. Albert E. Tibbetts, John J. Gallagher, J. Frank Hayward, Stephen Murphy and William T. Carroll were chosen, by a yea and nay vote, a committee to procure the information sought by this article.

Adjourned at 8.50 P. M.

REPORT OF SUPERINTENDENT OF STREETS.

To the Honorable Board of Selectmen:

Gentlemen—I herewith submit to you my report as Superintendent of Streets for the year ending January 31, 1903.

There have been built of streets as follows: 17,600 square yards with crushed stone and 2,900 square yards with gravel, and there have been resurfaced 9,500 square yards with crushed stone and 30,000 square yards with gravel.

Of sidewalks there have been constructed: 2,300 square yards with gravel or cinders, 205 square yards with tar concrete and 142 square yards with granolithic.

There have been resurfaced 4,530 square yards with gravel, 600 square yards with crushed stone dust and 6,570 square yards with tar concrete.

Three hundred feet of gutter has been paved and 500 feet repaved. There has been set 380 feet of edgestone and 590 feet reset. 195 square yards of granite flagging crosswalks have been laid and 85 square yards of tar concrete crosswalk. There has been laid 500 feet of drain pipe, 90 feet relaid and a 28-inch concrete pipe, 616 feet long, has been built along the line of the Beacon street drain. Seven catch basins have been built.

There have been used upon the streets and sidewalks 5,824 tons of crushed stone, 2,758 double loads and 1,207 single loads of gravel and about 800 loads of cinders. Of the crushed stone 5,650 tons came from the town plant and 174 tons from the Sallie's Rock tunnel. There are about

700 tons of crushed stone and 600 tons of stone dust on hand at the town plant.

For bridge repairs \$900 have been expended. There have been 106 street signs renewed and 20 new ones put up.

General repairs cost \$4,987.89.

Removal of snow and ice cost \$2,141.18.

Steam Roller: Supplies, labor and repairs cost \$1,021.11 and it was in use 19 weeks.

Stone crushing: Supplies, labor and repairs cost \$4,702.67.

Maintenance of tools and wagons cost \$640.

One watering cart has been added at an expense of \$244. The repairs on watering carts and cranes cost \$498.75.

Of the holes reported to me in our streets and sidewalks, 54 were due to sewer construction and sewer connections, 20 were due to water pipe laying and 12 to gas pipe laying.

A detail statement of the main expenditures upon the streets and sidewalks follows:

Albion St.—Graveling and resetting edgestones, \$225. Resurfacing tar sidewalks, \$140.

Arlington St.—Removing edgestone and loam at Central Ave. and replacing with crushed stone and gravel, \$60. Tar concrete sidewalk and crosswalk, \$23.

Barry St.—Resurfacing with gravel, \$40.

Beacon St.—Resurfacing with gravel, \$40. Resurfacing tar sidewalks and changing edgestones, \$190.

Bridge St.—Building catchbasins and piping at Water St., \$110.

Business St.—4,200 square yards of macadam, \$1,480. Building catch basins and piping at Glenwood Ave., \$160.

Catch basins—Construction and maintenance cost \$600.

Central Ave.—Resurfacing tar sidewalks, \$146.50.

Charles St.—Resurfacing with gravel, \$310.

Childs St.—Resurfacing with gravel from Glenwood Ave. to Perkins Ave., \$320. Repairs to sidewalks and gutters, Perkins Ave. to Gordon Ave., \$50.

Cleveland St.—Resurfacing with gravel from Childs St. to River St., \$140.

Dana Ave.—Edgestone at the corner of Water St., \$38.

Everett St.—Resurfacing sidewalks with gravel, \$30.

E. River St.—1,800 square yards macadam, \$840. Edgestone, \$135. Catch basin corner Webster St., \$60. Resurfacing with crushed stone, \$50. 135 square yards granolithic sidewalk, \$230. Gravel resurfacing of sidewalks, \$100. Resurfacing tar concrete sidewalks, \$85.50.

Fairmount Ave.—Gravel resurfacing, \$400. Resurfacing tar concrete sidewalks, \$275.

Gordon Ave.—Resurfacing tar concrete sidewalks, \$80.

Harvard Ave.—Resurfacing sidewalks with tar concrete, \$180.25; with gravel, \$30.

Highland St.—Resurfacing sidewalks with tar concrete, \$50.25; with stone dust, \$40.

Hyde Park Ave.—6,800 square yards macadam, \$3,000. Resurfacing from Milton St. to Hawthorne St. with crushed stone, \$590. Resurfacing from West St. to P. O. Sq. with crushed stone and gravel, \$740. Paving at the Fire Engine House, \$320. Resurfacing tar concrete sidewalks, \$125. 186 square yards new tar concrete sidewalks, \$93. New edgestone, \$184. Graveling sidewalks, \$60.

Loring St.—Resurfacing, \$60. Resurfacing sidewalks, \$105.

Maple St.—Resurfacing, \$30. Resurfacing tar concrete sidewalks, \$170.

Milton St.—Resurfacing with gravel from Hyde Park Ave. to Paul's Bridge, \$850. Resurfacing sidewalks, \$75.

Milton Ave.—Gravel resurfacing, \$110.

Oak St.—Resurfacing tar concrete, \$80.

Pleasant St.—Resurfacing with gravel, \$250. Resurfacing sidewalks with gravel, \$25.

Pond St.—Resurfacing with gravel, \$90.

Prospect St.—Resurfacing with gravel, \$230.

Rosemont St.—Building with gravel, \$500. Building sidewalks with gravel and cinders, \$200.

Sprague St.—Resurfacing, \$90. Resurfacing sidewalks, \$30.

Summit St.—Resurfacing, \$100. Resurfacing sidewalks with gravel, \$90.

Tilestone St.—Building with gravel, \$300. Building sidewalks with gravel and cinders, \$100.

Thompson St.—Resurfacing and draining, \$300. Resurfacing sidewalks, \$10.

Vose Ave.—Building part of with gravel, \$450. Building sidewalks, \$45.

Washington St.—Resurfacing with gravel, \$100. Building cinder sidewalk, \$130.

Water St.—Resurfacing with gravel, \$600.

Webster St.—Resurfacing with gravel, \$50.

West St.—Resurfacing with gravel, \$150.

West River St.—4,800 square yards macadam, \$1,400. Resurfacing tar concrete sidewalks, \$193.50. Gravel resurfacing, \$50. Building gravel sidewalk, \$157.45.

Williams Ave.—Resurfacing with gravel, \$300. Resurfacing tar concrete sidewalks, \$75.50.

Winslow St.—Resurfacing with gravel, \$110.

Wolcott St.—Sidewalks, \$60.

Respectfully submitted,

CLARENCE G. NORRIS

Supt. of Streets.

REPORT OF INSPECTOR OF BUILDINGS.

Hyde Park, Mass., Jan. 29, 1903.

To the Honorable Board of Selectmen, Hyde Park, Mass:

Gentlemen—I herewith submit my second annual report as Inspector of Buildings for the town of Hyde Park, Mass., for the year ending January 31, 1903:

Whole number of permits issued from January 31, 1902, to January 31, 1903	99
Permits issued for new buildings	54
Permits issued for repairs and alterations	45
Number of visits made to various buildings in process of erection and repairs, including inspection of shops, factories, etc.	536
Number of steam boilers in use at the several manufactur- ing plants, May 31, 1902	58
(Several new boilers have since been added.)	
Number of notices sent to parties not complying with the law relating to buildings	34
Number of buildings and extensions commenced before taking out permit	31
(Many of these were by builders acquainted with the re- quirements of the law.)	

I have submitted my report to Rufus R. Wade, Chief of Massachusetts District Police.

Respectfully yours,

GEORGE H. SNOW,

Inspector of Buildings.

REPORT OF THE CHIEF OF POLICE.

To the Honorable Board of Selectmen:

Gentlemen—I herewith present for your inspection and consideration the annual report of this department for the fiscal year ending January 31, 1903, with some recommendations which I deem necessary:

Whole number of persons arrested	346
Males	309
Females	37

CAUSES OF ARREST.

Assault and battery	24
Assault on officer	2
Assault with a dangerous weapon	2
Arson	1

FINAL DISPOSITION OF CASES.

Awaiting trial	2
Appealed	4
Committed to the House of Correction	21
Committed to the House of Correction for non-payment of fines	88
Committed to truant school	2

Committed to State Prison	3
Committed to Reformatory	2
Committed to Insane Hospitals	10
Committed to Woman's Home, Dedham ...	1
Discharged	24
Delivered to the Navy Yard, Charlestown,	1
Discharged for want of prosecution	9
Fines paid	94
Probation	36
Placed on file	42
Turned over to other officers	5
Turned over to State board of charities	2

MISCELLANEOUS.

346

Amount of fines imposed by court ..	\$2,069.00
Average of fines imposed	\$11.33
Amount of liquor seized	77 gallons
Amount of property stolen	\$799.00
Amount of property recovered	\$637.00
Cases investigated without arrest	401
Cases investigated for other officers ..	8
Defects in streets reported	16
Defects in sidewalks reported	20
Doors found open and secured	37
Dead bodies found	4
Dogs killed	17
Fire alarms given	9
Injured persons provided for	12
Imprisonment imposed by court, 49 yrs., 6 mos.	
Lost children found and restored to parents	17
Notified Water Company of leak in pipes	7
Number of persons fined	182

Runaway boys found and restored to parents	8
Street lights reported not burning ...	680
Search warrants served for intoxicat- ing liquors	33
Search warrants served for stolen goods	1
Stray horses taken care of	6
Travelers lodged over night	2,597
Windows found open and secured ...	15
Lost articles found and restored to owners	3
Lights hung on obstructions	34

RECOMMENDATIONS.

The police force consists of the same number as last year, seven men. You will note the large number of arrests this year over the preceding year; this is owing mainly to the large number of persons from out of town at work on plants being built here, and to transients coming to our town with the large number of dwelling houses about to be built, and the increasing population, it is necessary that the force should be increased by at least three men, and I would so recommend. I would renew my recommendations in relation to the Police Station: it should be thoroughly renovated and painted, as it is in bad condition.

In conclusion I desire to thank the Board of Selectmen for their continued consideration and assistance and also the officers for their loyal support in every way.

Respectfully submitted,

DANIEL O'CONNELL,

Chief of Police.

REPORT OF ENGINEERS OF THE FIRE DEPARTMENT.

To the Honorable Board of Selectmen.

Gentlemen:—The Board of Engineers herewith present their annual report for the year ending January 31, 1903.

The department has responded to ninety-five alarms during the past year, fifty-nine bell and thirty-six still. The department has traveled 600 miles, laid 13,100 feet of hose, 12,500 feet of chemical hose, and used 4,500 gallons of chemicals; at 37 fires have used the chemical engines only.

	Value	Loss	Insurance
Buildings	\$509,400.00	\$7,305.00	\$441,150.00
Contents	51,300.00	8,608.00	49,650.00
	\$560,700.00	\$15,913.00	\$490,800.00

We have changed the horses on Hose 1, giving them a first-class pair, have extended the fire alarm system, have purchased four miles of covered wire, purchased a thousand feet of hose, painted the truck, and have everything in first-class shape.

The apparatus now consists of three hose wagons, one hose reel, one chemical engine, one ladder truck, two five-gallon hand chemical tanks, seven horses, five sets of double swinging harness, one single harness, five thousand feet of good hose, fifteen hundred feet of poor hose, one Eastman deluge set, one storage battery, thirty-eight fire alarm boxes, twenty-three miles of wire, ten single beds—complete; everything is in good repair.

The department has had a very hard but satisfactory

year, have answered nearly twice as many alarms as any previous year.

The men have answered all the alarms promptly, and have done their work willingly, and giving the Town a department they may well be proud of.

The Board of Engineers wish to extend their thanks to all the men for their prompt and faithful work of the past year.

The department now consists of Chief Engineer, two assistants, five permanent men and thirty-eight call men, making a total of forty-eight.

DEPARTMENT OFFICERS AND MEN.

BOARD OF ENGINEERS.

J. H. WETHERBEE, Chief,

J. C. McDOUGALD, Clerk,

W. G. ROBINSON.

LADDER COMPANY NO. 1.

W. R. McDOUGALD, Captain,

HENRY B. TERRY, *Town Clerk.*

REPORT OF TREE WARDEN.

To the Honorable Board of Selectmen:

Gentlemen—I herewith submit the report of the Tree Warden for the year ending January 31, 1903. On application, public hearings were held for the removal of trees on Gordon, Arlington and Hyde Park avenues, Perkins, West River and Summer streets, Central avenue and Lincoln street, Fairmount avenue. After hearing all parties interested, permission was given to remove 1 tree on Perkins avenue, 2 on Summer street, 1 on Central avenue and Lincoln street, and 2 on Fairmount avenue.

Trees were trimmed on following streets: 1 on Huntington avenue and East River street, 1 on Arlington street, 1 on West street, 4 on Gordon avenue, 8 on Summer street, 4 on Beacon street, also several on Highland and Summer streets.

As I reported last year, there is considerable trimming all over town that should be attended to, and I consider the present system an expensive one, as often I am called to a certain portion of town to trim a tree, and perhaps in a few days called to the same neighborhood, whereas if there was a systematic trimming of the trees, one would not be continually going over the same ground.

Respectfully submitted,

GEORGE B. ANDERSON,

Tree Warden.

REPORT OF CEMETERY COMMISSIONERS.

The Cemetery has now completed the first ten years of its use, the first interment therein having been made November 9th, 1892.

Since the last report Beech and Aspen Avenues and Spirea Path have been extended. A retaining wall has been built at the junction of Fairview drive and Aspen avenue and cut granite steps placed therein. This has much improved the appearance of this part of the Cemetery.

The number of lots now prepared for sale is such that the work for the coming year will not involve any considerable extension of existing avenues and paths.

The Cemetery fund is now \$9471.86 an increase of \$840.97 from last year.

The receipts and expenditures for the financial year ending January 31, 1903, are as follows:—

RECEIPTS.

From sale of lots,	\$1,175.00
From sale of single graves,	375.00
Interment and receiving tomb charges,	566.00
For foundations,	200.95
For wood,	108.75
For interest on fund,	345.24
Total,	\$2,770.94
Balance on hand January 31, 1902,	8,630.89

\$11,401.83

EXPENSES.

Labor, etc.,	\$1,929.97
Balance on hand,	9,471.86

 \$11,401.83

Details of expenses are given elsewhere in the Town Report.

STATISTICS.

1902.

Lots sold,	14
Single graves sold,	75
Interment in lots,	31
Interment in single graves,	83
In Receiving Tomb,	15
Removals,	1

GEORGE E. WHITING,
CHARLES F. JENNEY,
JOHN O'CONNELL,

Commissioners.

NINTH ANNUAL REPORT OF THE PARK COMMISSIONERS OF HYDE PARK.

In all that pertains to the duties of the Park Commissioners, this has been a quiet year, owing in part to the fact that a halt has been called on additional takings by the Metropolitan Park Commissioners.

Efforts have been made in former years by the Camp Meiggs Association to have more care taken of the historic grounds by the Park Commission, but as the only appropriation available for this purpose was small, and it was hoped it might be used for the purchase of some small tract more conveniently reached by a certain part of our citizens than Stony Brook or the Blue Hill Reservation, the only expenditure made previous to this year was for mounting four guns which were acquired and delivered on the ground by the Association. On July 9, 1902, on a request and conference with a committee of the Association, we agreed to clean up the walks, mow the grass, manure the trees and furnish four park seats, which has been done at an expenditure of forty dollars.

Abandonments of land taken by the Metropolitan Commission have been concurred in as follows:

April 8, 1902, abandonment, as shown on plan No. 374, of land taken to secure certain rights in a platted street. The Secretary of the Metropolitan Commission met us and explained that a part of the land taken was not necessary for this purpose.

January 19, 1903, abandonments were concurred in for a small piece of land taken from the Readville Trotting Park, as adjusted with them and shown on Plan No. 370.

Also as adjusted with the New York, New Haven and

Hartford R. R. a small piece of land on each side of the railroad track near Glenwood avenue station, as shown on plans 398 and 399, and January 26 near the Fairmount station as shown on plan 400.

For the improvement of the Neponset River, in which we in common with all of our citizens have taken much interest, an act was approved June 28, 1902, Chapter 541, as follows:

“Section 1. The state board of health is hereby authorized and directed to prohibit the entrance or discharge of sewerage into any part of the Neponset river or its tributaries, and to prevent the entrance or discharge therein of every other substance which may be injurious to public health or may tend to create a public nuisance or to obstruct the flow of water, including all waste or refuse from any factory or other establishment where persons are employed, unless the owner thereof shall use the best practicable and reasonably available means to render such waste or refuse harmless.

“Section 2. The board shall consult and advise with any such owner at his request or of its own motion as to the best practicable and reasonably available means of rendering such waste or refuse harmless, having regard to the circumstances and requirements of the situation and to the industrial interests involved.”

Section 3 indicates how the provisions shall be enforced.

This is in the right direction as far as it goes, but we think it should be supplemented by straightening the channel, thus shortening the distance and causing a more rapid flow and carry away much refuse which will be left on the Canton Meadows.

The Metropolitan Park and Boulevard assessments,

made up in July, 1902, show a total for the year 1900 of \$517,923.17, on which the apportionment to Hyde Park was \$3,936.40, and a total for the year 1901 of \$570,897.13 with Hyde Park's apportionment \$4,338.24, and for the year 1902 a total of \$519,418.96, of which Hyde Park's apportionment was \$4,707.07.

To this last apportionment the sum of \$396.87 was added for interest on the apportionments for 1900 and 1901.

LAWSON B. BIDWELL, Chairman.

JOHN J. ENNEKING,

FRANK B. RICH.

REPORT OF THE OVERSEERS OF THE POOR.

The increased expenditure of this department during the year is due largely to sickness in families whose legal settlement is in Hyde Park, but reside in other towns. In two cases, the charges for care and nursing aggregated over \$800. Hospital Charges in Boston and other cities amounted to nearly as much more. The number of insane has also increased, the average weekly cost of caring for patients at the several state institutions being about \$100. The coal famine is not responsible for increase in expenditures, as many would prefer to suffer from cold and hunger rather than apply to the Poor department for aid. The calls for fuel have been only normal, and the amount given in each case has been less than usual. Mr. Henry S. Grew very kindly contributed a large quantity of wood for the benefit of the worthy poor, and his example was seconded by the officials of the N. Y., N. H. & H. R. R. who gave the materials forming the old New England R. R. Station at Readville. The wood therefrom being distributed by the town teams, by order of the Selectmen.

CHARLES LEWIS,
 GEORGE W. CHAPMAN,
 GEORGE E. HAVEN,

Overseers of the Poor.

REPORT OF THE BOARD OF HEALTH.

To the Citizens of Hyde Park:

We have the honor to offer the following report for the year ending January 31, 1903.

The collection of ashes and swill has been carried on during the past year as before, to the general satisfaction of all concerned.

We were forced to abandon the old method of collecting swill in tank wagons and dumping at Readville, as the owners of the property on which the tank-house was located, refused to allow us to continue to use it.

This change had been foreseen for some time, and we had purchased one wagon in 1901, in anticipation of the change.

The past year we have purchased another wagon and a suitable number of cans specially made for the purpose, into which the swill from the various receptacles used by the householders is dumped, and when filled is removed from the town without further handling; thereby, removing a source of complaint which was quite general under the old method; also a saving over the long haul to the tank-house in Readville.

We have also secured a stable in the central part of the town at a reasonable rental, and are now able to keep all of the horses together, and to furnish a suitable shelter for the wagons and other property, which consists at the present time of four horses, two special tip-carts for ashes and rubbish, two low platform wagons for swill, one steel cart and one wooden tank wagon, three tip-cart harnesses, two heavy express harnesses, blankets and stable utensils.

The number of loads of ashes and rubbish collected was as follows: January, 357; February, 268; March, 406; April, 399; May, 337; June, 259; July, 271; August, 206; September, 192; October, 213; November, 249; December, 296:—Total, 3,453.

CONTAGIOUS DISEASES.

The whole number of contagious diseases reported to the Board of Health during the past year was 334, and divided as follows.

	CASES.	DEATHS.		CASES.	DEATHS.
Scarlet Fever,	7	0	1901	23	2
Diphtheria,	64	4	"	97	7
Measles,	238	0	"	10	0
Typhoid Fever,	13	2	"	8	3
Chickenpox,	7	0	"		
Smallpox,	7	1	"	7	1

The same methods used in former years to prevent the spreading of contagious disease, have been used during the past twelve months with good results.

Early in the year an order was passed, requiring all cases of Chicken Pox to be reported to the Board of Health, in order that we should have early notice of all cases which, owing to the similarity in the early stages, might be easily mistaken for small-pox, or "vice versa."

There were fewer cases of Diphtheria than in 1891, and a smaller death rate also, and it is safe to say that the low death rate from this dread disease is due to the free use of Anti-toxine which is furnished to us by the State Board of Health; and we feel that any Act or Acts of the Legislature that would prevent the State Board of Health from supplying the people of this State with what is now generally conceded to be a specific remedy for Diphtheria, would be a hardship which they should not be called upon to endure.

There was a serious epidemic of measles during the early part of the year, so far as number of cases was concerned, but was attended with no worse result than a reduction of the school attendance for the time.

On the fourth of March last, we discharged the last case of small-pox, which had been with us continuously all winter, and we were free from this disease until the fourth of June, when it appeared on Norton St., in the Readville District.

After some deliberation it was decided unwise to remove the patient to the small-pox hospital, and the consent of the owners being obtained, the patient and rest of the members of the family (who had not left the house previous to our knowledge of the case) were quarantine in their own home.

Provisions, nurses and medical attendance was furnished, the quarantine being maintained by a police guard.

During the following week two other members of the family were stricken with the disease, and were provided for in the same house.

At the termination of the disease (which ended fatally in one case) and all danger of contagion from those surviving having passed, the house was thoroughly disinfected and cleaned, rooms used for the patients papered and painted.

The total cost to the Town for this outbreak of the disease was \$1,500.

The total cost to the Town for small-pox for the past two years has been \$7,850. The total cost for free vaccinations and supplies for the same, \$2,350. Total, \$10,200.

The expenses on account of care of patients and the different places of detention are divided as follows:

Provisions and fuel, \$855.00. Medicines and hospital supplies, \$123.00. Replacing furniture, bedding and clothing destroyed, repapering and painting rooms, and furnishing small-pox hospital near Wood Ave., \$265.00. Nurses and attendants, \$1,285.00. Police guards at hospitals and several places quarantined, \$350.00. Medical attendance, including specialists, \$4,392.00. Building small-pox hospital and guard house, \$302.00. Ambulance, \$36.00. Horses and carriages for 154 days, \$225.00. Burial expenses, \$47.00.

We find after some inquiry, that the average cost per case in small-pox varies greatly in different places, some more and some less than with us; but in those towns and cities of approximately the same size, and where they had about the same number of cases extending over a period of between five and six months as ours did, and where the best means were used for the care and prevention of the disease, the cost was about the same. We are also satisfied that the large number of free vaccinations, together with those that the local physicians provided for, have been largely instrumental in preventing a recurrence of small-pox this past winter, and although it may have been considered, by some, expensive, still we feel that the Town has profited by the expenditure.

We would again call your attention to the Readville District, and to Readville St. in particular.

There is great need of some proper system of drainage for that section; and it becomes more necessary each year.

The large number of people who will be attracted to that section on account of the manufactories and shops being erected there will need accommodation, and every foot of available land should be in condition to be utilized.

In order to do this, and that the people should be able to live under sanitary conditions, some means must be devised, and plan carried out. to remove the surface water, and to drain the land which is regularly overflowed, in addition to the ordinary sewerage system.

We have filled up a depression in Waterloo St., which required about 200 loads of gravel, thereby abolishing a place for the collection of surface water, and while this has been effective. it is but palliative and a slight step in the right direction.

We trust, that when this matter of drainage, etc., comes up for your consideration, (as it surely will), you will provide proper means of relief to the people living in that locality, and at the same time increase the taxable value of property in Readville.

With the co-operation of Mr. Matthews, one of the owners of the adjacent property, we have put in a drain pipe culvert under Chestnut St., consisting of three lines of twenty-inch pipe, which is adequate to provide for the waters of Stony Brook even in a spring flood.

There has been applications for about the same number of sewer connections as in former years, and three more of the school houses have been connected, leaving three unconnected, the Damon, Fairmount and Greenwood.

We would once more call your attention to the great benefit that may be derived from more general use of the sewer.

The existence of privy vaults and cesspools, which are ever a nuisance, would be abolished and the general sanitary condition of the Town would be greatly improved, the value of property increased and every square foot of land so provided would be available for building purposes.

Your attention is also called to the great need of some suitable sanitary building, for the use of both sexes, near the business centre of the town.

A proper location is already provided and we feel that it is necessary to the welfare of the public.

Your attention is called to this matter at this time, as we feel sure that you will be called upon to provide this public accommodation in the near future.

We wish in closing to thank the members of the Medical Profession of this Town for their hearty co-operation with us in the work of preventing contagious disease.

Your attention is also called to new regulations in the line of preventive medicine, which will be found in another part of this report.

REGULATIONS OF THE BOARD OF HEALTH OF THE TOWN OF HYDE PARK.

Public Statutes: Chapter 80, Section 18.—The Board of health of a town shall make such regulations as it judges necessary for the public health and safety respecting nuisances, sources of filth, and causes of sickness within its town. Whoever violates any such regulation shall forfeit a sum not exceeding one hundred dollars.

In accordance with the foregoing provisions of law, this Board makes the following regulations, which will be strictly enforced:

Regulation 1. Privy Vaults and Drains. Section I. Every tenement shall be provided with a water-tight underground drain to carry off the waste waters, also with a suitable privy or water-closet sufficient for the accommodation of all those inhabiting the premises.

Section II. All privy vaults, unless water-tight shall be so constructed that the inside of the same shall be at least five feet distant from the line of any adjoining lot or street, and at least twenty feet from any dwelling house, and shall be provided with a ventilation through the roof. The same shall not be used as cesspools nor receive drainage from the premises. The contents shall not be allowed to leak out or otherwise become offensive. All privy vaults shall be of a size sufficient to satisfy the Board of Health.

Section III. All waste water shall be conveyed through sufficient drains under ground to a cesspool sunk underground, which shall be of sufficient size to contain at least 80 cubic feet, and when not water-tight must be at least twenty feet from the cellar wall of any tenement or dwelling, and at least five feet distant from any adjoining lot or street. Cesspools shall be built in a thorough and substantial manner, as shall be approved by the Board of Health.

Section IV. No person shall allow any drain or the overflow of any cesspool to enter any running stream, or any drain constructed for surface water, and no person shall suffer any house drainage or other offensive matter to remain in any cellar, or upon any lot or vacant ground by such person owned or occupied. All privy vaults and cesspools within one hundred and fifty feet of any well or spring, the water of which is used for domestic purposes, must be water-tight.

Section V. All privy vaults or cesspools must be thoroughly cleansed at least once in each year, and oftener if necessary for the public health, the expense to be borne by the owner of the property.

Regulation 2. Section I. The Board, when satisfied upon due examination that a cellar, room, tenement or building in the town occupied as a dwelling place, has become by reason of the number of occupants, want of cleanliness, or other cause, unfit for such purpose, and a cause of nuisance or sickness to the occupants or to the public, may issue a notice in writing to such occupants, requiring the premises to be put in proper condition, or if the Board see fit they may require the same to be vacated, and the same shall not be again occupied without the written permission of the Board.

Section II. No person shall throw or put into any public place or pond, or running stream or body of water, or in any other place where the Board of Health may deem it a nuisance, any dead animal, animal matter, decayed fruit or vegetables, dirt or rubbish whatever; nor shall any person throw into or upon any flats within the jurisdiction of the town, any dead animals, filth or offensive matter.

Regulation 3. Swill and Offal. Section I. No person shall remove or carry in or through any of the streets, lanes or avenues, places or alleys within the town of Hyde Park, the contents of any cesspool, vault or privy well, swill or house offal (either animal or vegetable), or grease or bones, unless a permit be granted by the Board of Health upon such terms, and conditions as said Board may deem necessary.

Section II. No person shall bury swill or house offal, or the contents of any cesspool, vault, privy or privy well within the limits of the town of Hyde Park, unless a permit be granted by the Board of Health.

Section III. Parties will be licensed by the Board of Health to collect swill and refuse matter from houses in Hyde Park twice a week or oftener, and all housekeepers and others are directed to deliver the same to those duly authorized to make such collections.

Regulation 4. Diseased Meat and Provisions. Section I. No person shall bring into the town, keep or offer for sale any diseased, putrid, stale or unwholesome meat, vegetables or provisions.

Regulation 5. Swine. Section I. No person will be permitted to keep any swine within the limits of the town of Hyde Park, without a written permit from the Board of Health.

Regulation 6. Contagious Diseases. Section I. Any person sick with the smallpox or other contagious disease, together with all persons in attendance upon them, and the premises where such sick per-

son is, will be subject to the control of the Board, and no person shall enter or leave a house wherein a person is, or has been sick with the disease, or in any way come in contact with the inmates of such house except by permission of the Board.

Section II. Whenever the Board of Health shall ascertain that any person is sick with the smallpox, scarlet fever, diphtheria, or any other disease dangerous to the public health, the Board shall, at their discretion, have full control of said person or premises, and shall, if they deem proper, order the premises vacated.

Section III. All persons are warned not to approach a house or the surrounding premises whereupon is displayed a disease flag by day or a red light at night.

Section IV. The bodies of all persons dying of smallpox, scarlet fever, typhus fever or diphtheria, must be immediately disinfected and placed in a tight coffin, which shall not be reopened, and the bed, bed clothing, and other clothing used by any such person, and by those in attendance upon him, and all the furnishings of the sick room, thoroughly disinfected before being taken from the room. In the above case no public funeral will be allowed without permission from the Board of Health.

Section V. The owner or person having charge of any vehicle, public or private, used at a funeral in the foregoing cases, to carry the deceased, shall forthwith report the fact to the Board of Health, and shall thoroughly disinfect such vehicle before the same is again used, and take such precaution as the Board of Health shall direct.

Section VI. Any person in the Town of Hyde Park, who knows or suspects any domestic animal has contagious disease (such as glanders in horses or cholera in swine), must immediately report the same to the Board of Health. The penalty for neglect to do so is fine or imprisonment. The above is in accordance with the provisions of Chapter 252 of the Acts of 1887.

Regulation 7. Section 1. All complaints in relation to nuisances and sources of filth injurious to the public health and safety, must be made in writing to the Board of Health, with a description of said nuisance and of the premises on which it exists, with the owner's name, if known to the complainant. Such complaint must bear the signature of the complainant. Whenever such complaint shall be made as aforesaid, the Board of Health shall proceed to examine the premises complained of, and will take measures to abate the nuisance if such is found to exist.

Regulation 8. Section I. No person, firm or corporation not now engaged in or working at the business of plumbing shall hereafter engage in or work at said business in the town of Hyde Park, either as a master or employing plumber or as a journeyman plumber, unless such person, firm or corporation first receives a license therefor, in accordance with the provisions of Chapter 477 of the Acts of the year 1893 of the Commonwealth of Massachusetts and Acts amendatory thereof, or supplementary thereto.

Section II. Any person desiring to engage in or work at the business of plumbing, either as a master or employing plumber, or as a

journeyman plumber, shall apply to the Board of Health, and shall at such time and place as may be designated by the Board of Examiners appointed by the Board of Health, as provided for in said Acts, to whom such application shall be referred, be examined as to his qualification for such business. In the case of a firm or corporation the examination and licensing of any one member of the firm, or the manager of the corporation, shall satisfy the requirements of this regulation.

Section III. The Board of Examiners shall examine said applicants as to their practical knowledge of plumbing, house drainage and plumbing ventilation, and if satisfied of the competency of the applicant, shall so certify to the Board of Health. Said Board will thereupon issue a license to such applicant, authorizing him to engage in or work at the business of plumbing. The fees for a license for a master or employing plumber shall be two dollars; for a journeyman plumber it shall be fifty cents. Said license shall be issued annually, expiring on the thirty-first day of May next ensuing, and shall be conditional on skilful work and a strict observance of the rules governing plumbing.

Section IV. No person shall carry on the business of plumbing unless he shall have first registered his name and place of business in the office of the Board of Health; and notice of any change in the place of business of a registered plumber shall be immediately given to said Board.

Section V. No person shall proceed to construct, add to or alter any portion of the drainage system (except to repair leaks) of any building in the town of Hyde Park, until plans showing in detail the whole drainage system shall have been filed at the office of the Board of Health, upon blanks in such form as the Board may determine; no person shall commence work on such drainage system until the plans are accepted by the Inspector of Plumbing and a permit of approval granted. Plans and specifications shall be approved or rejected within five days of the time of filing.

Rules and regulations for material, construction, etc., may be found in the town by-laws.

Regulation 9. The Board of Health hereby adjudges that the deposit of sputum in street cars, public buildings, or churches is a public nuisance, source of filth and cause of sickness, and hereby orders: That spitting upon any floor of any street car, public building or church be, and hereby is, prohibited.

Regulation 10. No privy, vault or cesspool shall be established either upon premises situated upon a public or private street, court or passageway where there is a public sewer opposite thereto, or upon premises connected with a public or private sewer, without permission in writing first being obtained from the Board of Health of this town. And whenever there is a privy-vault or cesspool so situated, which in the opinion of the Board of Health of this town is injurious to the public health, said Board of Health shall declare same to be a nuisance and forbid its continuance.

Regulation 11. After the first clearing up of ashes, beginning May 1, all rubbish, ashes, etc., to be removed by town carts are to be-

placed in receptacles not larger than an ordinary flour barrel, and in places easily accessible to the collector. Vault filth, offal, bricks and mortar, gravel and garden shrubbery are not included in the above, and will not be removed by the town.

Regulation 12. All persons (who under Chap. 75, Art. 49 and 50 of the Revised Laws are required to report cases of contagious disease) shall report each case of chicken-pox.

Regulation 13. No person or persons shall remove from the premises where a case or cases of contagious disease exists, any milk vessel or container used in the sale or delivery of milk, when he or they know, or the Board of Health through their agent, shall give due notice, by posting the same on the premises, that such disease exists.

The foregoing rules and regulations were made under the Revised Statutes and are similar to those of other towns in the state; and a careful observance of the same will do much to prevent contagious disease within the town. Respectfully submitted,

WILLIAM W. SCOTT, Chairman,
WILLARD S. EVERETT, M. D., Sec.,
CHARLES F. STACK, M. D.,
Board of Health.

To William W. Scott, Chairman, and Members of the
Board of Health, Hyde Park, Mass.

Gentlemen:—I have the honor to submit to you my sixth annual report as Inspector of Plumbing, for the year ending January 31st, 1903.

There has been filed at this office 186 applications to do plumbing, with plans and specifications calling for the following fixtures.

Sinks, 130; water closets, 235; Wash bowls, 45; bath tubs. 55; wash trays, 43.

As in nearly every case the Inspector was consulted previous to the filing of plans, there were no great changes to be made or violations of the rules to be rectified.

Such work as did not meet with the approval of the Inspector was cheerfully altered to conform to the laws, and

I wish to thank the Master Plumbers of the Town for their assistance in supplying to the people of the Town proper sanitary appliances.

Respectiully submitted,

CALEB T. LOVELL,

Inspector.

Evening.—F. F. Courtney, E. S. Fellows.

SCHOOL CALENDAR, 1902-3.

FIRST TERM.

Begins Monday, Sept. 8th ; ends Friday, Dec. 19th.—15 weeks.

SECOND TERM.

Begins Monday, Jan. 5th ; ends Friday, April 3d.—13 weeks.

THIRD TERM.

Begins Monday, April 13th ; ends Friday, June 26th.—11 weeks.

CHRISTMAS VACATION.

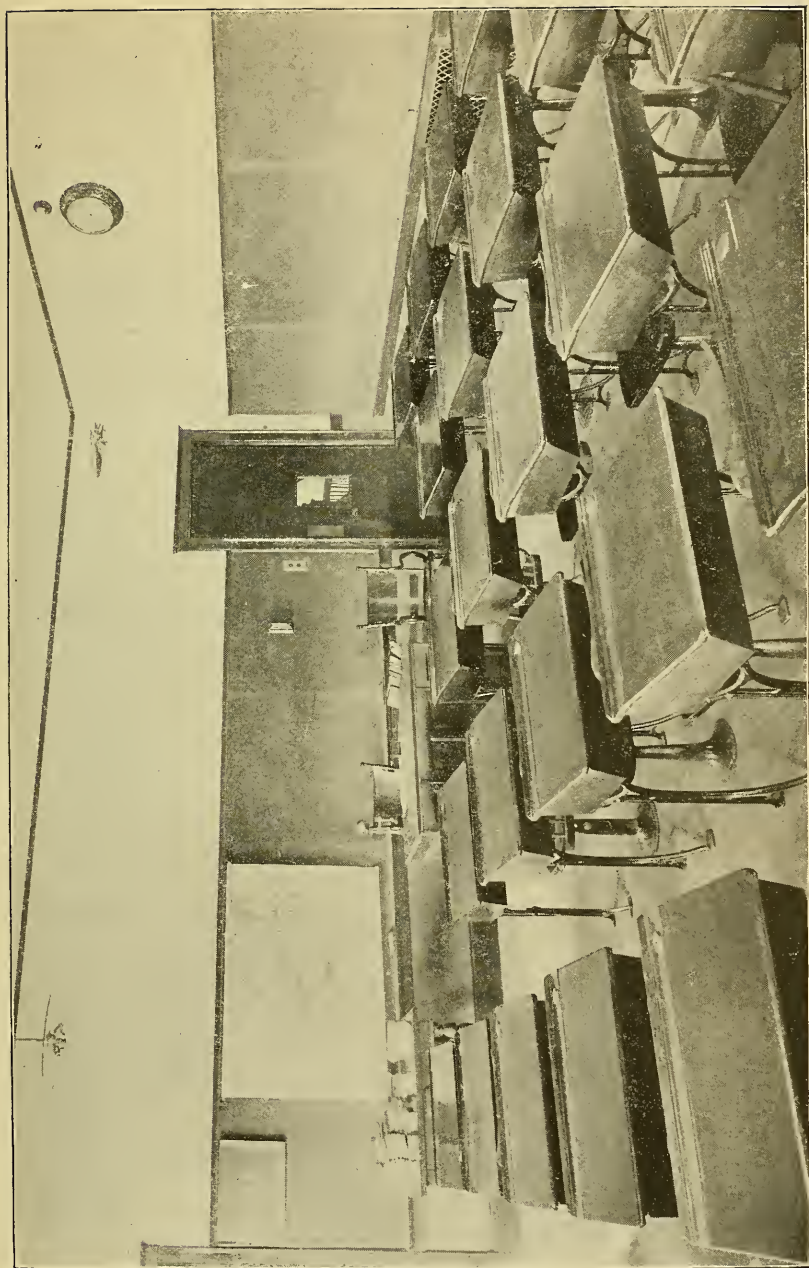

Begins Monday, Dec. 22nd ; ends Friday, Jan. 2nd.—2 weeks.

SPRING VACATION.

Begins Monday, April 6th ; ends Friday, April 10th.—1 week.

HOLIDAYS.

September 8th and 9th, November 27th and 28th, February 23rd ; April 10th, April 20th and May 30th.

CLASS ROOM, NEW HIGH SCHOOL BUILDING.

SCHOOL COMMITTEE'S REPORT.

To the Citizens of Hyde Park:—

The principal interest of the present year centres in the building of the High and Trescott school structures. They have been satisfactorily completed and are now occupied. All other matters of school interest have gone forward in much the usual way, the effort always being to keep on the line of improvement.

The Committee has been receiving a strong public endorsement all through the year for which it is duly appreciative. The Committee has nought but commendation for the whole school force. Imperfections may exist, but our people may be fully assured that the best effort will constantly be made to eliminate all hindrances to best results.

The following report of the building committee on the new high school building will make interesting reading and will preclude the necessity of writing more at length on general matters concerning the schools.

REPORT OF THE SCHOOL COMMITTEE RELATING TO THE NEW HIGH SCHOOL BUILDING.

To the Town of Hyde Park:

On March 28, 1901, the town "voted that the school committee be authorized to erect a new high school building upon the present high school lot," and appropriated \$60,000 therefor.

It was decided to issue 4 per cent. bonds and the premium on these bonds amounting to \$4,062.00 was, by vote at a subsequent town meeting, added to the appropriation.

On Sept. 12, 1902, an additional appropriation of \$5,024.49 was made, making the total sum appropriated for the construction of the building \$69,086.49.

The number of pupils attending the high school has steadily increased. In 1869 the number of pupils was 16; in 1879, 64; in 1884, 108; in 1890, 169; in 1900, 275; and the present attendance is 320. Having in mind this growth when the matter was presented to our citizens, the building talked of was to accommodate from 400 to 450 pupils. It was not then known that the Sturtevant Blower Company was to locate in our town. This was learned by your committee a few days after the first appropriation was made. Understanding that this would add materially to our population, and further increase the number of pupils in the high school, they concluded that it would be wise and economical to provide accommodations to meet the probable growth of the school for some years, rather than to have to put an addition on in four or five years. They, therefore, have erected a building which will accommodate 525 pupils, and in order to utilize the space at present have moved to the building the school committee rooms and the office of the Superintendent of Schools. This saves several hundred dollars' rent each year.

After careful consideration and many inquiries, the committee decided to use the yellow Falston brick, Norman size. This cost \$3,000 more than red water struck brick, which was the only other kind of brick seriously considered when the matter was finally decided.

A number of architects were invited to compete, and on April 13, 1901, their plans were examined by the committee. Several of these were excellent. After a full examination and much discussion it was unanimously voted that Messrs. Loring & Phipps of Boston be employed. Many changes in the original plans were made by the committee, especially relating to location and arrangement of rooms, character of drill hall, etc. The general plan of the architects was, how-

ever, accepted, and the changes have been made under the advice of Mr. Loring. Some of these changes were made with a view of economy and some to give better accommodations. For example, the drill hall as originally planned had pillars in it. This was the economical method of construction. The committee struck out the pillars so as to give the boys more room to drill in, though it made the building cost some \$1,400 more.

The large experience of our architects in the construction of school buildings has been useful to the committee and valuable to the town.

It was deemed economical and wise to hold one person responsible for the whole work in order to avoid the friction which arises where several persons have individual contracts to fulfill in the same building, and if any fault was to be found with any part of the work, it would be easier to place the blame. But, by advice of our architects, the heating and ventilating was made a subject for special bids.

The committee decided it was safer to submit the bids to a limited competition in order to get reliable individuals or firms to do the work rather than to advertise and take everything that came. All contractors and builders residing in our town were given an opportunity to bid. On May 15th, persons requested to bid were notified and on June 15th, the bids were received and opened.

The lowest bid for heating and ventilating was \$4,871.00, and the highest was \$6,998.00, a difference of \$2,127.00. Messrs. Ingalls and Kendrick, of Boston, being the lowest bidders received the contract.

The lowest bid for the construction of the building was \$64,209, and the highest was \$81,959, a difference of \$17,750. The contract was awarded to the lowest bidder, G. M. Pratt, of Weymouth Centre, Mass.

After the bid of Mr. Pratt was accepted, certain changes were made in the specifications with a view of economy. For example, the specifications called for French plate glass, full

size. This was changed to American glass, 4 light. By this change, the town saved \$1,843. The committee were under the impression that glass such as is used in most of our dwelling houses was good enough for the school building. They see no occasion to build palatial school houses, but think it better to have substantial, dignified buildings, equipped with modern conveniences. The school house is for utility rather than for beauty, though undoubtedly both should be kept in mind. We have endeavored to erect a building architecturally pleasing, but another generation is likely to require a different kind of structure from what this generation deems best. These changes reduced the contract price for which Mr. Pratt agreed to construct the building to \$60,996.

It is impossible where so many persons are interested in a building to avoid extras. Some changes were made to suit the convenience and tastes of those most closely connected with the school; others because all saw the necessity, but the total amount of extras was not large. It amounted to \$1,137.01.

Soon after excavation was commenced the committee decided to save all loam for grading purposes and in order to do this, teams were hired to take it away from the lot. This more properly should have been taken from incidentals as, strictly speaking, it was a bill for grading, it being used for that purpose later on. It was, however, in fact paid out of the building fund as were some bills for advertising, for a legal opinion as to the validity of the bonds, etc. This does not matter, however, as some of the bills for the construction were later on paid out of incidentals. We make the account, therefore, in accordance with what seems fair, and not strictly as it appears to have been paid.

Contract price for construction	\$60,996.00
Extras on same	1,137.01
Contract for heating and ventilating	4,871.00
Architects' fees	3,458.50
	\$70,462.51

By this it appears that there has been paid for the construction of the building out of incidentals the sum of \$1,376.02. When the final appropriation was called for, the committee took into account the fact that we had an incidentals fund which could be called upon to meet payments to some extent. It seemed proper to some that all the architects' fees should be paid out of it, but they were not all paid in that way.

Excavation for the building was started June 30, 1901, and the blasting was commenced Aug. 1, 1901. The foundation was completed Nov. 20th of the same year.

The brick work on the building was started Oct. 5th, before the foundation was completed.

The exterior brick work on the building was started Nov. 15th, and all brick work was completed Apr. 5th, 1902. The school commenced to occupy the building Sept. 22, 1902, but the building itself was not completed in all respects until Oct. 3, 1902, and even after that time there were a few small things which the committee required the contractors to do.

The blasting for the cellar, which had to be done in hard pudding stone, difficult to break, impossible to split, took a long time and caused most of the delays, but the difficulty of securing materials, owing to the rush of building in this part of the country at the same time, caused some of it.

There has been an almost infinite variety of detail to which your committee have had to attend including questions relating to payments, extras, character of materials, work, etc., etc. It is useless as well as impossible to itemize. Our work is over. The building is done. We think the town has received the worth of its money.

In consequence of the construction of the high school building other expenses had to be incurred. The furnishings cost \$6,000, the grading about \$1,000, and the heating bill, independent of the present abnormal price for coal, will be increased. This, however, is not money thrown away, but well invested in preparing men and women for the duties

of citizenship. It is pleasing to observe that its patronage is not limited, but its opportunities for education are not only open for, but are availed of, by all our citizens, who care to have their children educated beyond the grammar grade irrespective of religious belief.

WILBUR H. POWERS.

EDW. S. FELLOWS.

For the School Committee.

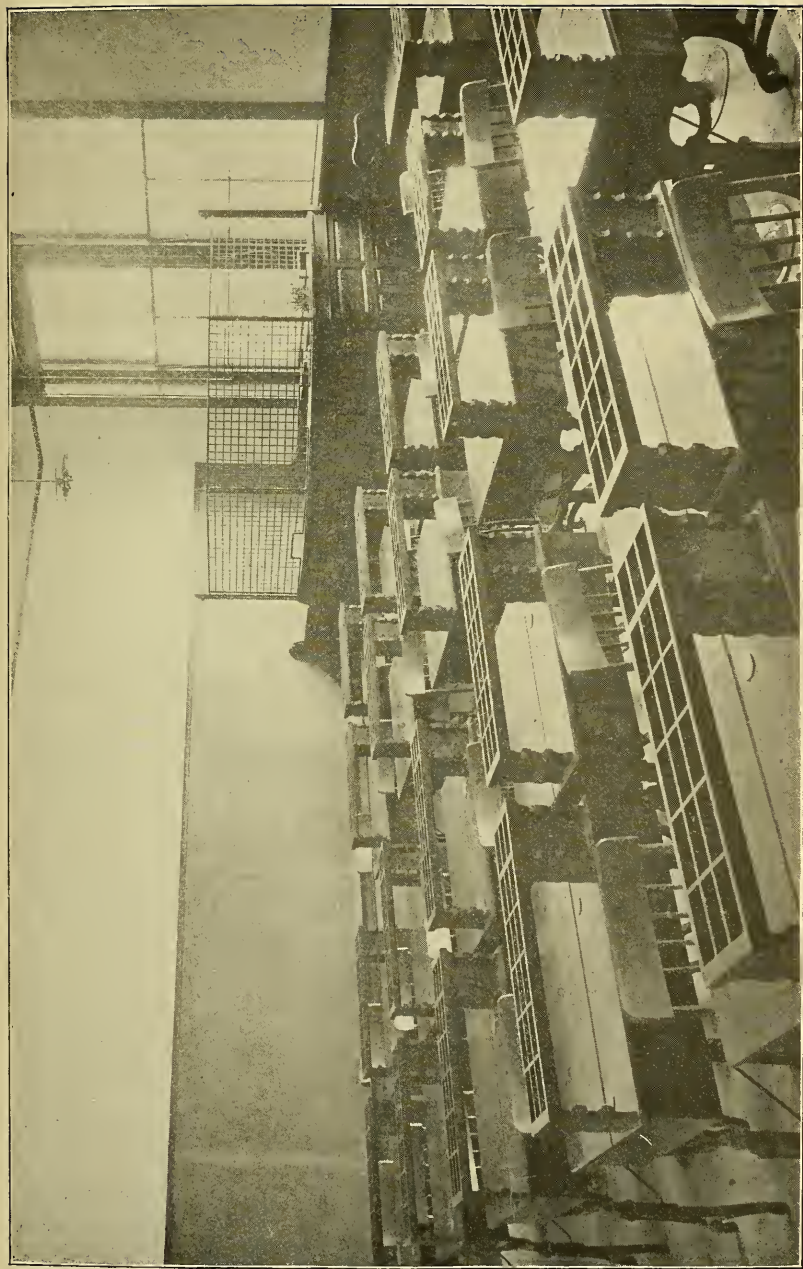

We would call especial attention to the need of sanitary changes at the Fairmount School building. Successful change has been made at the Grew and should we attend to the Fairmount the present year and follow with the other schools on subsequent years, the town would not feel the expense to any marked degree in any one year and the work will be successfully accomplished.

We invite a careful perusal of all details relating to the several schools.

Respectfully submitted,

E. I. HUMPHREY, Chairman.

For the Committee.

COMMERCIAL ROOM, NEW HIGH SCHOOL BUILDING.

SUPERINTENDENT'S REPORT.

To the School Committee of the Town of Hyde Park:

My fifth annual report as Superintendent of the Hyde Park public schools is herewith respectfully submitted.

Following is a summary of statistics for the school year last completed, ending June 30, 1902:

GENERAL STATEMENT.

SCHOOLHOUSES.

No. 1.	High school,	nine rooms, (old building)	Everett street
" 2.	Damon school,	eight rooms, (four occupied)	Readville street
" 3.	Hemenway school,	one room,	Wolcott street
" 4.	Grew school,	eleven rooms, (nine occupied)	Gordon avenue
" 5.	Greenwood school,	nine rooms,	Metropolitan avenue
" 6.	Amos Webster sch'l,	four rooms,	Hilton street
" 7.	Butler school,	one room,	East River street
" 8.	Fairmount school,	nine rooms, (eight occupied)	Williams avenue
" 9.	Weld school,	two rooms, (one occupied)	Highland street

REPORT OF THE COMMITTEE ON EXAMINATION OF SIGHT AND
HEARING OF PUPILS OF HYDE PARK SCHOOLS.

To the School Committee of Hyde Park:

Your Committee appointed to arrange for and supervise an examination of the sight and hearing of the pupils of our schools beg leave to report.

Knowing the reputation of Dr. D. W. Wells of Boston University for interest in the prevention of diseases of the eye and ear as well as in their cure, and his experience in school work along these lines, your committee sought his advice and aid, and found him ready, without charge, to render any advice and aid his large practice and college and dispensary duties allowed. His report hereto annexed will show the extent and great value of his services.

As was natural under the circumstances Mr. Draper has performed to a large extent the work of the committee, who have looked to him in connection with Dr. Wells to make and supervise the arrangements necessary.

We wish to call special attention to the remark of Dr. Wells, that a series of examinations during their school course would be most useful to the pupils individually, and also an invaluable medical and scientific record.

Your Committee wish also to emphasize the remarks of Dr. Wells in regard to the desirability and even necessity of parental co-operation.

It may be supposed that parental regard will secure such help as is needed in this and similar cases. But the fact remains that school education has been made compulsory in all our states, and that year by year the number increases where full physical and medical examinations are required by state law.

Respectfully submitted,

ANDREW WASHBURN,
FRANK F. COURTNEY,
WILBUR H. POWERS,
FRANK O. DRAPER.

*To the Committee on Examination of Sight and Hearing of the Pupils
of the Hyde Park Schools:*

Gentlemen—Regarding the sight and hearing tests of your public schools I beg leave to make the following report:

The work was commenced in the fall of 1901, but had not progressed sufficiently to report to you last January.

Although all the children have been examined, the data are not yet available for a complete report, so this present must be considered as one of progress. Various unavoidable matters, such as measles, vaccination and the newness of the task are responsible for the delay.

The importance of this work which you have inaugurated cannot be overestimated. Children have no criterion of normal sight and hearing beyond what they themselves see and hear. Consequently even very defective ones seldom complain unless there develops as a result, pain in head, ears or eyes. Backwardness is often dependent on the failure to see and hear the instruction imparted by the teacher. The economic bearing of this is important, as it certainly leads to a great loss in the effectiveness of the teaching.

But of still greater moment is the effect on the child. The stigma of stupidity always hurts the child mentally and morally. The enthusiasm of success is the strongest possible incentive to undertake the next task presented. Failure leads to indolence, and "idleness is the devil's workshop."

In order to learn to read and write the child must see reasonably well.

A few years ago Supt. Whitcomb of Lowell published a facsimile of the writing of a child who had been in school several years, together with a specimen only a few weeks after proper vision had been secured with glasses. *Weeks*, with proper sight, had accomplished more than *years*, with defective vision.

The examination of many hundred thousands of school children proves conclusively that nearsightedness develops as the school years advance. Much of this is preventable by the proper glasses and attention to school hygiene. The

prevalence of diseased eyes is another source of danger, and the frequency of contagious disease is a constant menace to the healthy.

The compulsory examination by the New York State Board of Health has revealed a condition of the New York City Schools that is seriously alarming.

There exists an epidemic of a disease of the eyelids known as Trachoma. Children suffering in this way have been sent to the N. Y. Eye and Ear Infirmary in such numbers that it has become necessary to close the doors to new patients. The care of those already under treatment having greatly overtaxed the resources of one of the largest institutions in this country, 301 *new* patients having been treated in a single day.

This is a disease which, if let alone, leads to partial blindness, and to our shame be it said, is largely preventable under compulsory medical inspection. Undoubtedly this is the ideal method of attacking this problem, and quite a number of states have already put such a law upon their statute books. Massachusetts with characteristic conservatism is not among the number.

Under Dr. Durgin's wise supervision the Boston Medical Inspectors are doing good work in general hygiene, but unfortunately no systematic tests of sight and hearing are made.

Some idea of the work now being done in some of our towns and cities may be obtained from a report on School Hygiene by Mr. John T. Prince, an agent of the State Board of Education. Complete Medical Inspection, including eyes and ears, is undoubtedly the proper solution of the problem.

A personal examination of all the school children of the town of Wellesley, following tests made by a "lay worker" has enabled me to devise a system in which the tests are made by the teachers under instruction of an oculist, by which it is possible to detect about three-quarters of the number of those needing attention.

With the assistance of your Superintendent a card has been devised for recording such examinations of each individual pupil.

PUBLIC SCHOOLS OF HYDE PARK, MASS.

Sight and Hearing Tests.

Date of Notice to Parent or Guardian													
Was Notice Heeded?													
Results: Vision Hearing Scholarship Department													

Indicate improvement resulting from treatment of defects by "Imp.," great improvement by "G.I.," and no improvement by "N.I."

The data are entered under the grade in which the child happens to be at time of examination, and at promotion the card is passed along, and subsequent tests are recorded in the appropriate grade column. Thus it furnishes a complete history of the sight and hearing during school life.

The future value of such data to educators and oculists in deciding questions of School Hygiene cannot be overestimated. I have met your teachers several times to explain their duties. The examinations are completed. I have examined all the cards and decided from the facts thus obtained which cases should be regarded as defective. A standard of defect which shall be regarded as sufficient to warrant such a conclusion has been fixed at seven-tenths of normal sight or less in either eye. For an adult this amount of sight is sufficient for all ordinary purposes, so long as it does not lead to discomfort, but with a child it is a defect which seriously impairs his present and future health and happiness.

Some whose sight is even better than the above standard have been classed as defective, because of other facts which make it evident to one trained in this line, that eye strain of a serious nature exists.

In hearing, the failure to hear the tick of a watch at more than 36 inches, which should be heard by the healthy ear at 50 inches, is our standard of defective.

I am indebted to Dr. H. P. Bellows and Dr. F. W. Colburn of Boston for valuable assistance in selecting a watch which should be heard by the normal ear at 50 inches.

Red or crusted eyelids, or a discharge from the ear have been classed as diseased conditions. The possibility of the contagiousness of these conditions demands that these cases shall be seen by a physician.

The color sense has been tested by Dr. Thompson's Worsteds, the colors being selected by this expert to detect any marked defect. This exists in all degrees from slight to almost complete color blindness. It is incurable, but a knowledge of the condition will prevent the selection of a calling in which normal color sense is an essential.

The following notice is now to be sent to the parent or guardian.

**School Department,
Hyde Park, - Mass.**

.....190

To the Parent or Guardian :

*The Examination of Sight and Hearing authorized by the School
Committee has shown that.....
is sufficiently defective in.....to seriously interfere
with ^{his}_{her} progress. You are earnestly requested to advise with your
family physician as to whom to consult.*

Yours respectfully,

Teacher.

.....
(THIS SLIP TO BE RETURNED TO THE TEACHER.)

*I have examined the ^{Sight}
Hearing of.....*

Recommendations to the Teacher

M. D.

The success of this important work now depends entirely upon the co-operation of your parents and guardians. Unfortunately there exists some misconception on this subject. Parents are loath to believe their children defective, and seem to regard it as a sort of stigma. The defect is certainly deplorable, but its discovery should be hailed with joy, as therein lies the possibility of its early correction.

The family physician is the first person to be consulted. If the case requires the skill of a specialist the family doctor will know a trustworthy colleague to whom the case should be referred. If the parents have not means to pay for this special service, the doctor will direct the patient to one of our numerous Infirmaries or Dispensaries, where some of the best specialists of the city give their services without remuneration. So there is absolutely no excuse in any town near Boston for neglecting to heed this notice.

The return slip to be filled out by the examining physician will often contain instructions to the teacher which will be of the greatest advantage to the pupil. For instance, in a case where the use of the eyes should be restricted the teacher ought to know it, or if the hearing is permanently impaired the child's seat should be changed to a more advantageous position.

Exact figures are not at present available, but from the summaries sent me by the teachers it would be a conservative estimate to say that one-third of the children are sufficiently defective or diseased to need immediate attention.

19 Boys + 6 Girls, a total of 25 are color blind.

It is strongly advised that this examination be repeated next September, as we have a list of suspicious cases in whom a slight defect may by that time have become sufficient to merit attention.

I have looked over the report of Dr. Dennetts' examination of twenty-two years ago. As Major Andrew Washburn of your present board was largely instrumental in inaugurating this work it is not necessary for me to quote from it. There were then about 1,100 pupils, now the number is nearly 2,000.

Although a different classification was then made it would appear that the percentage of defectives has slightly increased. The proportion of defectives in your schools is probably about the same as determined in other places. Comparison is difficult because in many reports the "defective" line has not been carefully defined. Moreover, where

this has been done, examiners do not state whether one or both eyes or ears be involved.

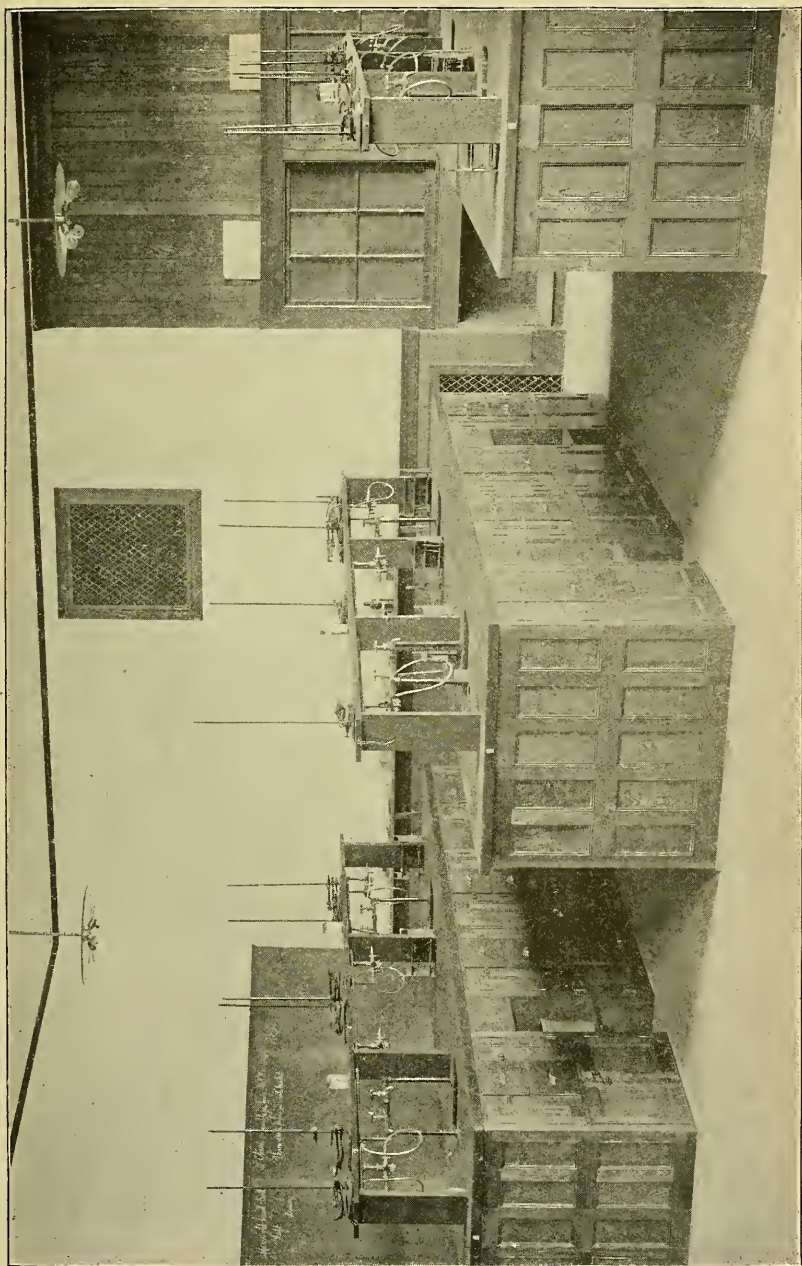

In closing I wish to express my sincere thanks to your Superintendent and teachers for their hearty co-operation. The work required of them is an innovation, entirely outside the scope of pedagogy.

It has been a great pleasure in examining the cards and in our conferences to note how intelligently they had grasped the subject.

With the experience of this first test the next examination will no doubt be very expeditiously performed. I firmly believe the teachers, seeing the improved scholarship, and conscious of a more intimate knowledge of the pupil's defects, will become most enthusiastic supporters of the Hyde Park system of testing the sight and hearing of school children.

DAVID W. WELLS.

The Westminster, Boston, Jan. 5, 1903.

CHEMICAL LABORATORY, NEW HIGH SCHOOL BUILDING.

MUSIC AND DRAWING.

These subjects, while considerably less time is devoted to them than in many towns, are very effectively conducted by the Supervisors, under whose direction the teachers secure excellent work from nearly all the pupils. In these lines of work there is always a marked inequality in the ability and performance of different pupils. This is inevitable, but by much personal instruction our teachers in most cases give each child every opportunity and assistance possible. The Supervisors' reports follow:

REPORT SUPERVISOR OF MUSIC.

Mr. F. O. Draper, Superintendent of Schools.

Dear Sir:—The transference of some of our teachers to other grades, the opening of the Trescott School, and the addition of new teachers, naturally interrupts the progress of our music. But notwithstanding these necessary changes, the teachers have adapted themselves to their new conditions and are doing excellent work.

It is always a problem at the beginning of the school year to make a choice of music for the High School. Without doubt the best results are obtained by the study of some musical work, together with the plan to produce the same at the Graduation Exercises.

Musical works that can be adapted for young voices are limited. The ability too, of the pupils must be considered. This year a Mass by Marzocchi was introduced. The music is of the highest order, and of considerable difficulty, probably the most difficult yet attempted at the High School. But pupils have taken hold well and we hope to maintain our past standard of work.

Thanking you, and the School Committee for their

support of the Music Department, I respectfully submit this report

B. HAROLD HAMBLIN,
Supervisor.

REPORT SUPERVISOR OF DRAWING.

Mr. F. O. Draper, Superintendent of Schools.

Dear Sir:—The exhibition of drawing held in the Congregational Vestry in June, under the auspices of the Education Society, showed the line of work followed last year.

This work it must be remembered was collected at a week's notice and truthfully showed the every-day class work, as no exhibition had been planned and worked for. None of these results would have been possible had I not had the hearty co-operation of the Superintendent, and of the teachers, who were as eager as I to obtain the best results and who labored long and faithfully conquering new problems.

The lower grade work was the stronger. The young child knows no temerity and his drawing is free and full of life, while the older children lack the earlier foundations and their painstaking attempts lack freedom and life.

This year the line of work is continued with especial drill on the parts that were discovered to be weak last year. With no paints, the color work has suffered, but attention has been given to the pencil as a medium, which calls for accurate work, and also the study of light and shade.

A graded course in mechanical drawing and construction work has been introduced, and neatness and accuracy have been our watchwords. How can we expect these qualities in after years if the seeds are not sown now?

At the High School there are four enthusiastic classes with every convenience to work with. As they are ungraded, several never having studied drawing before, the work has had to be more or less elementary and not up to the standard that High School work should attain.

A sketch class was held after school hours during last year with good success. Miss Faulkner, a member, in designing the 1902 School Report cover, used one of the sketches.

The work of the High School can only be bettered by devoting more time to the subject, and as the present grammar grades enter the school better prepared a higher standard of work will be reached.

Yours very truly,

ALICE T. BOARDMAN,
Supervisor.

HIGH SCHOOL.

Your attention is called to the report of the Principal of the High School given below.

The new and commodious home of this school is an eminently practical expression of public regard for and confidence in the school. While the effort of teachers and students could hardly be better, the ample space and efficient ventilation of the new building will inevitably raise the quality of the work accomplished. The remarkable school spirit of all connected with the school, noted in previous reports, insures an adequate return in character and scholarship for the liberal provision which the Town has made for the secondary education of our young people.

REPORT OF HIGH SCHOOL PRINCIPAL.

Mr. Frank O. Draper, Superintendent of Schools.

Dear Sir:—In accordance with your request, I submit herewith my fourth annual report of the High School for the year 1902.

The enrollment in December was 320. The membership was 306. The membership by classes was as follows: 1st year (entering class), 119; 2d year, 79; 3d year, 47; 4th year, 50; post-graduates, 11;—total, 306.

The increase in enrollment has been so steady each year that we have been able to estimate very closely the probable number to enter. This has been of great assistance during the many changes which have been necessary. The majority of the pupils show an active interest in reducing the percentage of absence and tardiness to their lowest terms, and yet the results show very little improvement. Many of the excuses received from parents or guardians for the absence of pupils from the whole or part of the session are very trivial, thus showing either a selfishness on the part of parents or guardians, or else a wholly inadequate apprehension of the value of school time to the pupil. There are too many pupils who enter or remain in school without that active interest which makes them a part of the institution because, Micawberlike, they are only there "waiting for something to turn up." Such pupils, needless to say, are of little help to the school and still less to themselves. The best that can be said for them is—that they are better there than on the streets. Many of this class of pupils might be interested and held, however, if we had the proper course in Manual Training.

Our academical work is good, but for a certain class it should be allied with hand work.

In the early spring Miss Sarah N. Whitman resigned, and Miss Carlotta E. Neal of Rochester, N. H., was ap-

pointed to the vacancy. During the summer Miss Nina E. Titus of East Union, Me., was chosen as the teacher for the Commercial course, which was renewed after a suspension of one year and Miss Sadie E. McCready of Sharon, was elected assistant in English and History. At the close of the fall term (1902) Miss Neal resigned to be married, and Miss Bessie L. Nichols of Westboro, was appointed to succeed her.

The school was accommodated in the Grew school building from May, 1901 until June, 1902. August 20, 1902, books and other articles were moved to the new building, but it was not until a month later (Sept. 22, 1902) that the school was opened. By that time everything within the building was in good condition, with the exception of the laboratories. This delay, however, will affect the work of the school but very little. No holidays have been taken and the work has been carefully planned by the teachers, so that we are now at about the same place in our work as in past years. This could not have been done without the heartiest co-operation of all, together with the physical comforts of excellent light and ventilation.

Without a chemical laboratory it became necessary to give two courses in Physics last year, and two courses in Chemistry this year; therefore, it was not necessary to equip the physical laboratory at the opening of the school year. This remains to be done during the coming summer. When completed we will have a well-equipped science department, and a well arranged course, in which there will be an opportunity to take some work in science each year.

The Commercial course was renewed under entirely new conditions, and the work is progressing very satisfactorily. The typewriting branch has been strengthened

by exchanging some old machines and adding new ones. In all, five machines have been exchanged or purchased. There are large classes in Penmanship and the introduction of this branch seems to fill a long felt want. We trust the pupils will realize how much a good handwriting is worth to them when seeking a business position.

The drawing has not developed as I hoped it might. A large number of pupils elected the subject but in only one class, Mechanical Drawing, are they getting the full amount of time. This is unfortunate when the facilities are excellent and the interest good. It is to be hoped that some arrangement may be made whereby the time assigned in the course of study may be obtained.

While we have been preparing for and equipping some of these special lines, the others have not been standing still, but have been developing along lines to be commended. The German and French courses have been lengthened one year to comply with the additional demands of the Colleges and Scientific schools. The English and History courses have been more closely organized and are, for the first time, in excellent condition for more progressive work. In order to facilitate the work in these different lines, reference books become more and more needful, particularly in English and History. We have not felt like urging this question until there was a proper place to care for the books, but now that we have the necessary conveniences this want becomes almost a necessity. To many not acquainted with the circumstances, it would seem perfectly feasible to say, "Run over to the Library and get the book," but the books are wanted during school hours when it would be impracticable for the pupils to leave the building and when the Library is not open. We should have a good school library and supplement it with books from the Public Library.

The large number of pupils has made the companies in the Battalion unusually large so that another year it may be necessary to organize a third company. By the kindness of the trustees of the Public Library, the Drum Corps has been accommodated in the Library basement. The work is good and the year promises to be one of the most successful in the history of the Battalion.

In New England there are some twenty different institutions which pupils may desire to enter. There are hardly any two of them which have the same entrance requirements, yet the High School as well as the special fitting school is required to prepare pupils for any one of these institutions.

In our larger places the high school work is generally divided between two schools. To one, are sent all those pupils not intending to enter college; to the other, those intending to enter college. The high schools in smaller places must not only care for both classes of pupils, but in addition must put pupils following the different courses in the same classes. Now, shall such a school limit and impoverish its courses for the few or shall it give the best advantages which the most thoughtful of the day advise to all indiscriminately? There is but one answer, but if this is done all of the peculiar requirements of each of these institutions cannot be wholly met in the actual work of the class room. The few oddities are best met under the direction of the teacher, even though accompanied with a little personal inconvenience to the pupil.

Several times during the year we have been asked, in a doubtful manner, if we prepared pupils for this institution or that. The answer has invariably been—Yes. There are, however, three absolutely essential qualifications for the youth who undertakes such a course; first, some men-

tal ability; second, at least some inclination for study; third, the required time given to preparation.

Blanks are given to the pupils each year on which they are requested to indicate what course they desire to pursue, and from these their course is shaped. The College course is a four years' course and if a thorough preparation is desired in the regular time it is necessary that they begin their work on entering. Sometimes, according to the institution desired, it is possible to make a change later in the course, but in the majority of cases it is disastrous.

It is absolutely impossible, however, to be responsible for the preparation of a pupil who decides to go here or there one, two, or three months before preliminary examinations or graduation. Neither can we hold ourselves in any way responsible for the work of a pupil who does not reach the required standard of at least B in each of his studies. Pupils permitted to enter an institution receiving less than this have been reported as poorly prepared, thus jeopardizing the standing of the school.

The gifts reported last year have been expended for the adornment of the building. The Current Events Club gave enough pieces of casts of the Parthenon frieze to extend the length of the west side of the Assembly Hall, and a bust of Longfellow. The Battalion of 1901 gave the portions of the frieze on the east side of the Hall, and the class of 1902 presented busts of Shakespeare and Milton. The Battalion of 1902 have appropriated some \$85.00 which has not yet been expended. All this has very much added to the attractiveness of the interior of the building, and it certainly looks as though it would become in very truth a place of learning and inspiration.

Respectfully yours,

M. S. GETCHELL,
Principal.

NEW EMPLOYMENT LAW.

Toward the close of the year the following circular notice was received:

Office of the Chief of District Police, State House,
Boston, Mass., Oct. 1, 1902.

To Whom It May Concern:

Attention is called to the following Act:—(Chap. 183).
An Act relative to the employment of certain minors.

Be it enacted, etc., as follows:

Section 1. Section thirty-five of chapter one hundred and six of the Revised Laws is hereby amended by striking out the word "cannot", in the third line, and inserting in place thereof the words:—does not have a certificate signed by the superintendent of schools, or by the school committee, or by some person acting under authority thereof, certifying to the minor's ability to,—also by inserting after the word "cause", in the seventeenth line, the words:—Any minor not holding the certificate described above shall furnish to his employer a record of his school attendance each week while the evening school is in session, and when this record shows unexcused absences from the sessions his attendance shall be deemed irregular according to this act,—so as to read as follows:—Section 35. While a public evening school is maintained in the city or town in which any minor who is over fourteen years of age and who does not have a certificate signed by the superintendent of schools, or by the school committee, or by some person acting under authority thereof, certifying to the minor's ability to read at sight and write legibly simple sentences in the English language resides, no person shall employ him and no parent, guardian or cus-

todian shall permit him to be employed unless he is a regular attendant at such evening school or at a day school; but, upon presentation by such minor of a certificate signed by a regular practicing physician and satisfactory to the superintendent of schools, or, if there is no such superintendent, to the school committee, showing that his physical condition would render such attendance in addition to daily labor prejudicial to his health, said superintendent or school committee shall issue a permit authorizing the employment of such minor for such period as said superintendent or school committee may determine. Said superintendent or school committee, or teachers acting under authority therefor, may excuse any absence from such evening school which arises from justifiable cause. Any minor not holding the certificate described above shall furnish to his employer a record of his school attendance each week while the evening school is in session, and when this record shows unexcused absences from the sessions his attendance shall be deemed irregular according to this act. Whoever employs a minor in violations of the provisions of this section shall forfeit not more than one hundred dollars for each offence to the use of the evening schools of such city or town. A parent, guardian or custodian who permits a minor under his control to be employed in violation of the provisions of this section shall forfeit not more than twenty dollars to the use of the evening schools of such city or town.

Section 2. This act shall take effect upon its passage.

[Approved March 13. 1902.]

Respectfully,

RUFUS R. WADE,
Chief Mass. District Police.

The following form of certificate has been prepared for minors who can read and write:

School Department, Hyde Park, Massachusetts

OFFICE OF THE SUPERINTENDENT.

I hereby Certify that

_____ can read at sight and can write legibly simple sentences in the English languages.

FRANK O. DRAPER,
Superintendent of Schools.

Per _____

All legally employed minors not holding the above certificate are provided with the certificate given below, which has on the reverse side the dates on which the evening schools are in session, with blanks for the principal's signature.

Hyde Park Evening Schools

1902-1903

This is to Certify that.....

has registered in the Hyde Park Elementary Evening School in order to comply with the provisions of Chap. 183, Sec. 1, of the Acts of the Legislature of the year 1902.

.....Principal.

To Employers and Overseers:—If the person presenting this Certificate is in your employ under another name, please write the name on the line below as known to you.

Name.....

.....Overseer or Employer.

The pupil named in this Certificate was an attendant at the date opposite which the Principal of the School has placed his signature.

REPORT OF EVENING SCHOOL PRINCIPAL.

Mr. F. O. Draper, Superintendent of Schools.

Dear Sir:—I beg to submit herewith the report of the Evening School for the term beginning November 3, 1902. The registration in the different departments are as follows:

English Department,	144.
Business Department,	82.
Draughting Department,	46.

AVERAGE ATTENDANCE:

English Department,	28.
Business Department,	37.
Draughting Department,	31.

AVERAGE AGE:

English Department,	21.
Business Department,	19.
Draughting Department,	23.

The average attendance is small on account of the large number who register at the commencement and in a great many cases do not report again, or come for a few evenings and then drop out.

In the English Department the majority of the pupils have very little knowledge of the English Language, and it is very interesting, as they are very anxious to learn.

In the Business Department a great many of the pupils are connected with business houses and are endeavoring to fit themselves for more responsible positions and take much interest in their work.

In the Drafting Department, owing to the fact that the entering students are not classified it became necessary to begin all with the fundamental principles. Two lectures were given on these principles—The Common Terms used in Drawing, the distinction between such

terms, as perpendicular and vertical, and also between drawings made in the 1st and 3rd angles.

After a few lessons in geometrical problems, lettering and use of instruments, the principles of projection underlying all mechanical drawing were studied with their application to simple objects.

At this stage the class was divided into three sections:—Machine and Architectural Drawing and Sheet Metal Work.

For the use of students in machine drawing a number of valves, pipe fittings, nuts, bolts, patterns for pulleys, pump cylinders, etc., were procured, also a small horizontal engine which furnished further detail drawing and an assembling of the whole.

The architectural work consisted of plans for a small cottage, the design included basement, heating apparatus, flues, 1st and 2nd floors and roof plans, front and side elevation and as many detail drawings of framing, etc., as the time allowed.

The class in sheet metal work was composed of those having the most mechanical drawing. Their work consisted of Orthographic Projections, Conic Sections, Cross Sections, development of flat and curved surfaces, intersections of solids and their development and application to branches, elbows, etc.

A few special students have taken up gearing and belt-problems, including the Involute and Epicycloidal Curves with drawings of spur gears of each system.

Owing to the different classes of work in this department it is impossible for one teacher to do justice to a class of this size, and there should be one assistant, at least, and another year the class will probably be fifty per cent. larger on account of the new industries which will then be established here.

There is always a decrease in the attendance after the vacation and the plans to continue the school during the Christmas vacation this term had to be abandoned on account of the fuel question. The students in all departments, with a few exceptions, take an active interest in their work.

Respectfully submitted,

B. M. CHITTICK,

Principal.

CARPENTRY SCHOOL REPORT.

Hyde Park, Sept. 17, 1902.

To the Committee on Industrial School.

Sirs:—The Hyde Park Summer School of Carpentry opened on Tuesday, July 15, 1902, with an enrollment of eighty-five boys, averaging eleven and one-half years of age. The work was divided into four classes, meeting twice a week, with an average attendance of thirty-one. The school closed on August 29.

Respectfully submitted,

GEORGE C. NOYES,

Instructor.

SEWING SCHOOL REPORT.

To the Committee on Industrial School.

The Summer Sewing School of 1902 opened July 8, with a good attendance.

The pupils were at once divided according to their skill and experience, into the three usual classes—the beginners, the intermediate, and the advanced. By the end of the second week the membership had so increased that it became necessary to form another class. Seventy-three

pupils were enrolled during the term, with an average daily attendance of thirty-two.

The system followed was the same that has been used in the Sewing School for a number of years. It is educational and progressive in its plan, and by its use, despite the irregularity of the attendance and the long interval between the terms, much systematic work is accomplished.

Besides the regular work on the samplers, the children had the pleasure and satisfaction of making some useful articles. In the beginners class twenty-four children began and the majority finished a cheese cloth duster, and ten of these children also completed a crash dishcloth. In the intermediate class a doll's garment was cut, basted, and nearly completed by part of the children. In the advanced class a pair of hemstitched pillow-cases was begun. One young lady succeeded in finishing one of hers, and several of the others had one nearly completed.

The working spirit was excellent throughout the term, the interest increasing rather than diminishing as the days went by. It was extremely gratifying to note the large number who took advantage of the opportunity that was offered to them of working before, and often after the lesson, in order that a certain amount of work might be accomplished.

The school closed August 14, with an exhibition of the work.

Respectfully submitted,

NELLIE M. HOWES,

Instructor.

NEW TRESCOTT PRIMARY SCHOOL.

The new Primary school building on Rosemont St., is completed and two rooms are occupied. In one room are the subprimary and first grade children from the Butler school. In the other are those pupils from the second and third grades of the Greenwood school whose homes are nearer the new building. It has not been practicable to open another room this year as the membership in the higher grades is relatively so small that it would have been necessary to make the extra room practically an ungraded school in order to provide a sufficient number of pupils for an additional teacher.

The new school house is a well planned and well built four-room wooden building of attractive design. The architect is Geo. F. Newton of Boston, and the contractor is Malcolm Stewart of Readville. It is located on high, thoroughly drained ground, with an ample lot, facing Rosemont Street, and is easily accessible from the East River Street, Rugby, and Holmfield districts. The building is designed with special reference to the future addition of four rooms for the upper grades, and the hall-ways and entrances are planned for the accommodation of an eight-room school. Above the second floor is an unfinished hall which will be required when the upper rooms are occupied. Meanwhile, it provides an air space between the second story rooms and the roof, which serves to equalize the temperature in the building.

The rooms are well lighted by large windows and are heated and ventilated by an effective gravity system installed by the Fuller & Warren Company of Boston. The blackboards are of natural slate and adjustable furniture is provided in the two rooms occupied. The floors are of rock maple and the finish is cypress. The building is

fitted throughout with plumbing and sanitary arrangements.

We have now five modern school buildings provided with effective systems of ventilation. How much this means for the health and working capacity of the children and their teachers, who spend approximately one thousand hours each year inside the walls of the school, can be appreciated only by those familiar with the cold-weather conditions which exist in the nearly air-tight compartments of the older schoolhouses.

Respectfully submitted,

FRANK O. DRAPER,

Superintendent.

TRUANT OFFICER'S REPORT.

MR. FRANK O. DRAPER, Superintendent of Schools:

Please find below, an account of my services as
Truant Officer for the year ending Dec. 31, 1902.

Total number cases investigated,	212

"Vincit, qui se vincit."

HIGH SCHOOL GRADUATING EXERCISES

WAVERLY OPERA HOUSE,
FRIDAY, JUNE 27, 1902.

ORDER OF EXERCISES.

- 1 SELECTIONS from "King Dodo,"
GREW SCHOOL ORCHESTRA,
George M. Dickinson, Director.
- 2 RUTH,—Part I *Gaul*
- 3 ADDRESS TO GRADUATES,
GEN. CURTIS GUILD, JR.
- 4 RUTH,—Part II.
- 5 PRESENTATION OF DIPLOMAS,
EDWARD I. HUMPHREY,
Chairman of School Board.
- 6 CLASS ODE
 { *Words by Susette Gravestine*
 { *Music by Gertrude Kelley*
 - 1 Dear classmates, 'tis the time for parting;
 Ended are our High School days;
 We must say "Farewell" at last,
 And depart in different ways.
With regret the ties are severed,
 And perhaps with falling tears;
 But the love we bear each other
 Will but strengthen with the years.
 - 2 Glory waits but few to crown,
 Not all the palm may win—
 Everyone may keep his heart
 Free from taint of wrong and sin.
Many noble lives are lived
 That the big world does not know;
 But we'll know when the wheat is garnered
 The fruit of the seeds we sow.
 - 3 Let each new vict'ry bring us courage,
 But defeat bring not despair;
 For if Duty always leads us
 Then we shall have naught to fear.
"Power and wealth last but a day"—
 "Honor lives beyond the grave."
Selfish thoughts let's cast far from us,
 And be noble, strong and brave.

4 Joy and sorrow come with parting;
 Hand in hand to us they're given —
 'Tis the sunshine through the shower
 Makes the rainbow in the heaven.
 Now farewell, dear classmates all,
 To each other we'll be true;
 Always love and always honor
 Our class of "nineteen-two."

7 MARCH, from "The Strollers," *L. Englander*
 GREW SCHOOL ORCHESTRA.

RUTH.

PART I.

SORROW.

*In the Country of Moab, and on the road to
 Bethlehem.*

CHORUS.

A grievous famine smote the land,
 And chasten'd Judah's children sore;
 It was the Lord's divine command
 That earth her fruits should yield no more!
 O praise the Lord! He knoweth best
 When peace and plenty to accord;
 To Him all things are manifest.
 O praise the Lord! O praise the Lord!

And now to Him it seemeth good
 Again to send His people bread;
 And where of late gaunt Famine stood
 Sweet Plenty raiseth up her head!
 O praise the Lord! He knoweth best
 When peace and plenty to accord;
 To Him all things are manifest.
 O praise the Lord! O praise the Lord!

RECITATIVE AND AIR.—*Naomi.*

Now go your ways, my daughters, well beloved;
 Return ye each unto your mother's house;
 The Lord deal kindly with ye, as ye both
 Have dealt with those departed, and with me.
 O, gracious Lord, cast down Thine eyes
 Upon Thy servant here,
 And grant me strength thro' life's brief length
 My earthly woes to bear.
 It hath seem'd well, Almighty God,
 That I should chasten'd be;
 But O, I would not stay the rod,
 For all is known to Thee!

If by the way I faint and fall,
 Of burdens sore complain,
 Desert me not, but strength allot,
 That I may rise again!
 And when my life on earth is o'er,
 Have mercy, Lord, on me,
 And let me dwell for evermore
 In Paradise with Thee!

CHORAL RECITATIVE.

They lifted up their voice and wept again,
 For grief and sorrow dwelt within their hearts.

TRIO.—*Naomi, Orpah and Ruth.**Naomi.*

Farewell! the hour has come for parting!
 Farewell! love's link must break at last!
 Heed not the truant teardrops starting;
 They do but greet the mirror'd past!

Orpah.

"Farewell!" the word is all unspoken!
 "Farewell!" it cannot yet be said!
 For O, our hearts will then be broken,
 And peace forever from us fled!

Ruth.

Alas! and must we from thee sever?
 Alas! our souls are wrung with pain;
 O say not it must be for ever,
 But soon our lives will join again!

Naomi.

Alas! my soul is fill'd with sorrow,
 Alas! to part is bitter pain;
 Yet comfort from this promise borrow,
 In Heaven we shall meet again!
 Farewell!

Ah, no!

Farewell!

Ah, no!

Ye may no more beside me stay!
 O we will cleave to one another!
 Alas!

It may not be—away!

SOLO.—*Ruth.*

Entreat me not, to leave thee, or to return
 from following after thee: for whither thou
 goest, I will go; and where thou lodgest, I
 will lodge; thy people shall be my people,
 and thy God my God; where thou diest, will
 I die, and there will I be buried: the Lord
 do so to me, and more also, if aught but
 death part thee and me.

CHORUS.

Speak! art thou that Naomi, daughter,
 Who left us when famine was here?
 When streams were despoil'd of their water,
 And Earth was all barren and sere?
 Yea! thou art the one who departed
 With husband and sons in the past;
 Say, why art thou sorrowful-hearted
 Now home thou art welcom'd at last?

RECITATIVE.—*Naomi.*

Call me not Naomi,
 For grief and woe are mine;
 The Lord hath dealt full bitterly,
 It was His will divine.
 I went out full from Bethlehem,
 All empty come I now,
 Yet to the High God's just decree
 My head I humbly bow.

CHORUS.

Weep no more for we will cheer thee!
 Weep no more but dry thine eyes!
 To our hearts we will endear thee!
 From thy sorrow, daughter, rise!
 Weep no more, the Lord will aid thee;
 He ne'er faileth in distress;
 Bygone woes have only made thee
 Fitter for new happiness!
 Weep no more!
 O weep no more!

PART II.

JOY

*In the harvest-field at the abode of Naomi,
 and at the Gate of Bethlehem.*

CHORUS OF REAPERS.

See! the golden rays of morning
 Now the meadows are adorning;
 Earth is from all gloomy shadows,
 Born of sombre Night, releas'd!
 O'er the crest of distant mountain,
 O'er the brook and bubbling fountain,
 Gleam anew the waking sunbeams:
 Day appears within the East!

While the pearly dewdrops glisten,
 To the cornfields let us hasten,
 There with songs of praise to lighten
 Hours that are ordain'd for toil;
 Blithely we will do our reaping,
 Still within our mem'ry keeping
 Thoughts of Him who, in His mercy,
 Giveth us the fruitful soil!

See! the morn, with pointed finger,
 Biddeth us no longer linger,
 Warneth 'tis the time for labor
 Golden stems of corn among.
 To the fields then let us hasten
 While the pearly dewdrops glisten,
 There the hours of toil to lighten
 With thanksgiving and with song!

CHORAL RECITATIVE.

Naomi had a kinsman of her husband's, a
 mighty man of wealth, whose name was Boaz.

RECITATIVE.—*Naomi.*

Go, my daughter, and may thy gleanings prosper;
 May plenty cross thy footsteps, and thy heart.
 When thou returnest home, be fill'd with joy
 That dieth not to-day, but liveth on
 Till thou from earthly scenes art call'd away!

AIR.—*Boaz*.

Go not from hence, my daughter,
 But glean between the sheaves;
 The field is mine, and all is thine
 That ev'ry reaper leaves.
 Abide here by my maidens,
 And join their mid-day rest;
 No tongue shall say thy gleanings nay,
 Or aught thy search molest.

Go not from hence, my daughter,
 But to my cornfields keep,
 And follow close beside of those
 Whose task it is to reap.
 Thou shalt not be upbraided,
 No voice thy hands shall stay;
 The field is mine, and all is thine
 That thou canst glean to-day!

RECITATIVE AND AIR.—*Ruth*.

Why have I found grace in thine eyes, O
 my lord? Why shouldst thou take knowledge
 of me, seeing I am a stranger?

Past all knowledge is the kindness
 Thou dost show, my lord, to me;
 I am lowly, and thy favor
 All unmerited must be!
 There are many more deserving,
 There are many—I am least
 Yet thy bounty, gracious master,
 Bids me join thy maidens' feast!
 Deeds so kindly fill my bosom
 With a wish thy name to laud;
 Yea, for actions good and tender
 Ev'ry heart would fain applaud.
 Hear me offer loud thanksgiving,
 Hear thine handmaid give thee praise;
 Gracious master, for thy welfare
 I shall pray throughout my days!

RECITATIVE.—*Boaz*.

I know the goodly deeds that thou hast done,
 O my daughter!
 And the Lord God of Israel,
 Under whose wings thou art come to trust,
 Shall give thee full reward!

CHORAL RECITATIVE.

So she glean'd in the field until even
 And beat out that she had gleaned;
 Then went she up to the city,
 And her heart was fill'd with joy.

CHORAL.—NIGHTFALL.

Look down, O Lord, from realms above,
 Look down we pray;
 All dangers of the night remove
 From out our way;
 Protect us with thy watchful love
 All thro' the day.

We put our hearty trust in Thee,
 And Thee alone;
 O cease not then our guide to be,
 Almighty One;
 The ills that threaten, Thou canst see,
 For all is known.

Look down, O Lord, from realms on high,
 We Thee implore,
 And guard us while the night is nigh
 From peril sore;
 And we Thy Name shall glorify
 For evermore

INTERMEZZO—DAYBREAK.

WEDDING—CHORUS.

Hark! hark! the cymbals clash,
 The harp sounds up to heaven;
 And by the tender dulcimer
 Sweet melody is given.
 With trumpet and with shawm
 The air is now resounding,
 And songs of joy without alloy
 Are through the land abounding.

The Lord who dwells above
 Hath joined two hearts together,
 And filled them both with lasting love
 That ne'er will break its tether.
 So sing ye songs of joy,
 And sound ye harps unceasing;
 May life for them but prove a gem
 With radiance aye increasing.

CHORUS.

Rejoice, rejoice, rejoice,
 For blessings round us fall;
 Your voices raise
 In songs of praise
 Unto the Lord of all.

In His kindness never ending,
 In His mercy condescending,
 He hath look'd upon His servant,
 Blessings on his head bestowed.
 Praise ye then, the Lord of heaven
 Who to us this joy hath given;
 Praise the Lord, and let thanksgiving

Rise to His divine abode.
 Rejoice, rejoice, rejoice,
 For blessings round us fall;
 Your voices raise
 In songs of praise
 Unto the Lord of all.

Soloists: { MISS GERTRUDE KELLEY.
 MISS EDNAH ELIZABETH MOSELEY.
 MR. ROY BROWN.

REPORT OF THE TRUSTEES OF THE PUBLIC LIBRARY.

In presenting this report for the current year, the Trustees have no startling innovation or occurrence to chronicle. The work of the Library has proceeded satisfactorily and it has done its fair share of good service during the year. The Librarian's Report will give you the various statistics, which show a gratifying increase in the number of borrowers and a similar increase in the circulation.

But we are well aware that the efficiency of the work is not to be measured by mere numbers. The borrower who comes with the greatest frequency and devours with feverish haste the greatest number of pages is by no means sure to be the one who is reaping the greatest benefit from the town's liberality. Indeed, the presumption is quite the contrary. Those who read a far less number of pages and far better books with the definite purpose of improvement and information, instead of mere pleasure, these are the ones who justify the generous expenditures that are so cheerfully made. Still we welcome any readers, however superficial, in the hope that their taste may be improved and their ideals elevated.

It is a gratifying and inspiring sight to see both old and young in the main reading room consulting the various reference books at hand with the evident desire of gaining some definite knowledge of which they feel their need. It is an equally gratifying sight to behold the Juvenile Room thronged, as it often is, with little people quietly looking at the pictures on the walls or in the illustrated papers and magazines, reading simple stories adapted to their age

and attainments, or listening to the reading of judicious selections by the attendant in charge. You cannot help feeling an assurance that seeds are being planted and tastes cultivated that will bear good fruit in later years.

One case of serious and persistent mutilation of books and periodicals was brought to our notice early in the year. The offender was discovered and properly dealt with. This has been the only case of wanton defacement, but we would call the attention of parents to the careless use of books with unclean hands, which is too prevalent. It is a delight to read a fresh, clean book and whoever defaces one, even though it be carelessly, is doing an injustice to the book, to himself and to the future readers. We ask the cordial coöperation of the older members of each family in this matter. It is the comparatively little things of life that go far toward making it pleasant or the opposite.

Many of the readers have seen the little Maxon's book-marks we have caused to be placed in the Juvenile Room, but lest some may never have examined one of them, we will here reproduce what is printed on them as of equal interest to all who have occasion to use books.

"Once on a time" a Library Book was overheard talking to a little boy who had just borrowed it. The words seem worth recording, and here they are:

"Please don't handle me with dirty hands. I should feel ashamed to be seen when the next little boy borrowed me.

"Or leave me out in the rain. Books can catch cold as well as children.

"Or make marks on me with your pen or pencil. It would spoil my looks.

"Or lean on me with your elbows when you are reading me. It hurts.

"Or open me and lay me face down on the table. You wouldn't like to be treated so.

"Or put between my leaves a pencil or anything thicker than a single sheet of thin paper. It would strain my back.

"Whenever you are through reading me, if you are afraid of losing your place, don't turn down the corner of one of my leaves, but have a neat little Book-Mark to put in where you stop, and then close me and lay me down on my side so that I can have a good comfortable rest.

"Remember that I want to visit a great many other little boys after you are through with me. Besides I may meet you again some day, and you would be sorry to see me looking old and torn and soiled. Help me to keep fresh and clean, and I will help you to be happy."

The Library is indebted to Mr. T. D. Tooker for a large number of books taken from his library and a collection of musical works which belonged to his daughter, the late Minnie D. Tooker, this collection to be called by her name.

After the death of Mrs. S. R. H. Giles, Mr. Giles found among her papers a memorandum of certain books which she wished to have added to the Library. He wrote to the trustees asking that those books be purchased and placed in the Library at his expense. This has already been done.

These additions have been especially pleasing to the trustees, not only for their intrinsic value, but also on account of the interest in our work which they show.

For the Trustees,

HENRY B. MINER,

Chairman.

LIBRARIAN'S REPORT.

To the Trustees of the Hyde Park Public Library:

Gentlemen—The annual report for the year ending January 31, 1902, is herewith respectfully submitted. The Library has been open 305 days from 2 until 9 P. M. The circulation has increased 5,951 over that of 1901. We have an increase of 560 names on our list of borrowers.

The restriction limiting the number of card holders in a family has been withdrawn, and the age limit has been reduced from 12 years to 10 years, so that now all residents of the town over 10 years of age are entitled to draw books from the Library.

Our exhibitions from the Library Art Club have been as follows: Photographs of Assisi, Canterbury, Egypt, Local Set (Beverly, Medford, Pawtucket, St. Johnsbury and Westford). Newfoundland, Rome, South Kensington, Venice, and the Lowell engravings. Notices of these exhibits have been printed in the local papers and have been sent to the public schools. We wish more people might avail themselves of the opportunity of seeing these collections.

We wish to make the Library useful to all. We are glad to aid the literary clubs, and desire to co-operate with the schools. If the teachers could send us a list of topics a little in advance, we could serve the pupils better by having more material at hand.

The bi-monthly bulletin containing the lists of accessions has been continued this year as last. Space has not permitted the reading lists on timely subjects and selected lists of books which we would like to include.

The House Beautiful has been added to our list of

magazines. The American Monthly magazine has very kindly been loaned to us each month for use in the reading room. The Engineer is received regularly, the gift of an unknown donor. Several gifts of books have also been received.

In the Young People's Department there has been a growing interest in better literature. During a few of the summer weeks Miss Adams read aloud for an hour on Wednesday afternoons to any who wished to come. Bits from choice books were read resulting in a desire on the part of the children to read the books themselves.

Picture bulletins of new and attractive books, author, birthday and holiday bulletins, with appropriate book lists, have been a feature of the work as heretofore.

The number of volumes delivered for home use from that department has been 16,940. The largest daily use March 8, 153; the smallest daily use March 5, 22.

The American Boy has been added to the list of periodicals.

Statistics.

The Library has been open 305 days.

Total circulation	64,100
Magazines issued	2,763
Largest daily use, March 1	482
Smallest daily use, March 5	63
Average daily use	210
Average monthly use	5,341

Class Per Cent. of Circulation.

Fiction, 80.8; biography, 2.2; history, 2.3; travels, 1.8; miscellaneous, 12.9.	
Increase in number of borrowers..	560

Accessions.

Added by purchase	822
Added by gift	44
Added by magazines bound	41
Lost and worn out books replaced,	172
Total	1,079

SEVENTH ANNUAL REPORT

OF THE

BOARD OF SEWER COMMISSIONERS

OF THE

TOWN OF HYDE PARK

FOR THE

YEAR ENDING JANUARY 31, 1903

BOSTON
PHIL. W. CARROLL
530 ATLANTIC AVE.
1903

ORGANIZATION.

DAVID PERKINS, CHAIRMAN.

WILLIAM U. FAIRBAIRN.

CHARLES HALEY.

RICHARD M. JOHNSON, CLERK.

A. D. NICKERSON, ENGINEER.

GEORGE A. KIMBALL, CONSULTING ENGINEER.

BOARD OF SEWER COMMISSIONERS REPORT.

To the Citizens of Hyde Park:

Your Board of Sewer Commissioners beg to submit the following report of the work done by this department for the year ending January 31, 1903.

The organization of the department remains the same as at the time of the last annual report, as shown on the preceding page.

Under the supervision of your board there has been expended for the year ending January 31, 1903, \$28,611.93, as per vouchers on file and exhibited in Table No. 1, annexed to this report. The outstanding liabilities amount to \$117.05. There is due from Board of Health for pipe sold them \$69.50.

Sewer assessments have been computed and bills amounting to \$9,830 have been duly rendered when each assessable sewer was completed. The value of stock on hand is \$1,951, as shown in Table No. 2, annexed to this report.

Your board reports in its seventh annual report the construction of 6,802 feet of sewers. The details of that construction are exhibited in the following table:

SEWERS CONSTRUCTED in 1902.

Section	Street	From	To	Size	Length Ft.	Average Depth Ft.
9	Hyde Park av.	Milton st.	Trotting Park	8 in.	1,435	11.
				10 "		
9	Wolcott court	Milton st.	Wolcott st.	8 "	467	10.5
9	Wolcott st.	Wolcott court	Sta. 4+03	8 "	403	6.3
9	Stanley st.	Hyde Park av.	Prescott st.	8 "	243	9.5
9	Prescott st.	Stanley st.	Summit north	8 "	300	8.5

10	Bridge st.		Easton av.	15 in.	82	12.0
10	Easton av.	Bridge st.	End	15 "	704	13.
13	East River st.	Reddy ave.	Tileston st.	8 "	} 1,804	10.
				12 "		
13	Woodland rd.	Tileston st.	Sta. 3+75	8 "	375	7.5
13	Wood av.	River st.	Sta. 4+51	10 "	451	11.
4	Warren av.	Intercepting sewer	Neponset River	8 "	77	6.
4	Water st. ct.	Water st.	End	6 "	250	10.
8	Grant st.	Hyde Park av.	Sta. 2+11	8 "	211	10.

6,802 feet.

Equals 1.29 miles

Previously reported 15.94 "

Total length of Sewers constructed to Date 17.23 "

Sewer contracts with the H. A. Hanscom Company, uncompleted at the time of the last annual report, were continued during the first half of 1902 and completed in August. The most important of this work was the extension of the sewer in Hyde Park avenue to the Trotting Park in Readville, and the sewer in East River street, from Reddy avenue to the new Trescott school. The sewers above listed were all built on petition, after due consideration by your board. In every instance house connections have been made immediately upon completion of the sewer. Repairs to the street surface on Hyde Park avenue, Readville, were made jointly by the sewer contractor and the selectmen thereby making a good street at a saving in cost to the town.

Claims growing out of the drainage of six wells on Easton avenue, and five in the Readville district, were made to this board, and after full investigation were settled by furnishing water connections and paying water rates for the balance of the year. Releases to protect the town were obtained in each case.

Contracts for sewer pipes and fittings were placed with W. H. Harlow, with the same advantageous arrangements

as heretofore. Contracts for short sewer extensions have been awarded to Patrick Rooney, the local contractor, at satisfactory prices.

The whole sewer system has been flushed but once this year, owing to the pressure of other work. Examination confirms previous opinion that flushing should be done at least twice a year.

At the request of this department, a 12-inch branch has been set in the High Level Sewer, for the future use of the town, at the foot of Monponset street.

The claims of the town against the American Surety Company, who were sureties on the bond of the Boston Construction Company, have been settled for \$600, a sum slightly less than the full amount of the claim.

There is a stoppage in the sub-drain in Highland street, near the first manhole above Warren avenue, caused apparently by elm roots entering through the joints of the pipe. All of the flow in the sub-drain above this point now overflows into the sewer. At some seasons of the year this flow is considerable.

Work has been resumed on the sewer assessment record plans and profiles required by law. These records are complete for the central portion of the town and the Fairmount district. It is expected that all will be completed the coming year. They are frequently consulted for a variety of purposes, and have already demonstrated their practical value.

Petitions for more sewers in the Readville district have been received, but action thereon is deferred for the present.

Tabular statements are submitted herewith, showing the value of stock on hand, also the cost of construction, as per contracts for labor and materials.

HOUSE CONNECTIONS.

Ninety-four house connections, aggregating 4,505 feet in length, have been made the past year. The total number to date is 610; total length 30,327 feet, or 5 3-4 miles. The estimated number of persons using the sewers is 5,250. All work has been kept under the supervision of the board, as heretofore, the average cost per foot being a little under sixty cents. No stoppage in connections have been reported during the year.

The following industrial plants, public buildings and railroad stations are included in the connections made to date:

Becker-Brainard M. M. Co.	Methodist Church.
Boston Blower Works.	Y. M. C. A.
American Brass Foundry.	Public Library.
John T. Robinson Co.	Savings Bank.

The factories discharge only domestic sewage. No provision having been made for manufacturing wastes, these are still discharged into Mother Brook, or the Neponset River.

The Curled Hair Works have under consideration a plan for discharging into the local sewers about 20,000 gallons daily of manufacturing wastes, through a screen and settling basin, specially designed for these works. Permission was asked and obtained from the Metropolitan

Sewerage Works for this connection. In view of the continual efforts being made to reduce the pollution of the Neponset River, it is probable that the towns thereon, or the state, in co-operation with the owners, will sometime have to devise means for disposing of the wastes of the various manufacturing plants along the river. The present condition of the river is decidedly unsightly, and probably a menace to health. By means of sewers already constructed in this town in streets near the river, a remedy is at hand for a partial purification in our own limits.

Respectfully submitted,

DAVID PERKINS,
WM. U. FAIRBAIRN,
CHARLES HALEY,

Board of Sewer Commissioners of the town of Hyde Park.

January 31, 1903.

AUDITOR'S REPORT.

We have examined the accounts of the Selectmen, Treasurer, Tax Collector, School Committee, Board of Health, Sewer Commissioners, and Cemetery Commissioners, and find them to be correct, every payment being properly vouched for.

We have examined also the accounts of our former Tax Collector, which are being closed as rapidly as possible, and find them to be correct.

It has become evident that the best interests of the Town demand that the different departments establish a uniform system of keeping their accounts and disbursing their funds. Under the present and diverse systems one department can draw an order on the Treasurer for a stated sum and apply this money to a dozen different accounts, keeping in its possession the original receipts. Another department would present the original bill duly approved which would be paid by the Treasurer. Of the two systems the latter is by far to be preferred, being more simple, direct, and businesslike.

It is more simple in that it does away with the double voucher system; more direct, in that all claims against the Town are paid by money in the hands of the Treasurer, and not from money that had been previously paid out by him to the order of the chairman or member of a department. It is more businesslike in that there is but one voucher, which

is the original bill and which can always be found, when paid, in the Treasurer's files.

Under one of the present systems it is possible for an order drawn on the Town Treasurer made payable to the chairman or member of a department to become in reality negotiable paper, and it can be used as such. Therefore, we recommend that only the original bills duly approved shall be paid by the Treasurer and that the present system in use in some of the departments of drawing orders on the Treasurer be discontinued.

We reaffirm the position taken by the Board of Auditors of 1901-02 that the revenue received by any department outside of its regular appropriation, is the revenue of the Town, and should be turned over to the Town Treasurer and not be held and used by the department that collects it.

Respectfully submitted,

FREDERIC C. STONE,
WILLIAM J. DOWNEY,
FREDERICK G. KATZMANN,

Auditors of the Town of Hyde Park, Mass.
